July 29, 2016

Honorable Mayor and City Council
203 E. Wheatland Road
Duncanville, Texas 75138

Dear Mayor and Members of the City Council:

In accordance with the Texas Local Government Code and the Charter of the City of Duncanville, the proposed annual budget for the fiscal year beginning October 1, 2016 and ending September 30, 2017, is submitted for your consideration. The budget, as filed with the City Secretary, presents in summary form the revenues and expenditures for each of the funds. The FY 2017 Proposed Budget is structurally balanced and supports sound fiscal and operational policies. It is aligned with the City Council's "capstones" for Duncanville, and the organizational goals of the FY 2017 Workplan.

City Council "Capstones" for Duncanville's Future Vision

1. Most engaged citizens in America
2. Create high quality neighborhoods and parks
3. Be the basketball and sports tourism capital of Texas
4. Be the "edutainment" and recreation capital of Texas
5. Create multi-modal transportation alternatives
6. Preserve the historic Main Street area

City of Duncanville Organizational Goals

Internal: Foster a value-based environment where employees are supported and encouraged to develop, in order to achieve and sustain a healthy relationship between the organization's stakeholders.

External: Maximize city and community resources to improve quality of life in a sustainable manner.

Leadership: Project a credible organizational image, embodying professionalism, compassion, inclusivity, and pride. Own our customers' experiences and exceed their expectations.

City of Champions

BUDGET PREPARATION PROCESS

The City budget process formally begins in early March when department directors and their budget representatives meet with the City Manager and the Finance department. At that time, staff discusses the current financial outlook, budget goals and new or unusual items that may have budget impacts. The Budget Procedure Manual is provided to departments to begin their input into the budget software program.

Departments formulate their budgets based on current service level provisions and must justify their line item budget expenditures on program goals and objectives. New programs, personnel or equipment are submitted through supplemental budget requests which are prioritized based on an evaluation of need and value-added benefit. Many supplemental requests, although valid, are simply not able to be funded due to resource availability.

After departments complete their budget expenditure requests and projected revenues are entered, the Finance Department compiles the preliminary budget. This includes projected end of current fiscal year expenditures, next fiscal year (proposed) budget requests, and projected five year budget expenditures. The City Manager, Assistant City Manager, Finance Director and Assistant Finance Director then meet with each department and division to review the preliminary budget requests on a line item detail basis. It is important to note that during these discussions, numerous adjustments are made in expenditures, both additions and reductions, as staff reviews the most cost-effective way to achieve the desired level of service delivery.

A second series of meetings was held in June and July with each department to again review significant budget categories for trends and potential cost savings. Through this process, staff evaluated and eliminated a number of budget items that were determined low priority, redundant or not cost-effective. This process achieved more than \$600,000 in additional budget reductions in the current year and next fiscal year.

A preliminary budget workshop was conducted with the City Council on June 23, 2016 to discuss major revenue and expenditure trends and significant issues of fiscal and budget importance. The City Council was provided information on current revenues and expenditures and expected end of year fund balances for each fund. All of the funds, with the exception of the Fieldhouse Fund, were predicted to have desirable or satisfactory ending fund balances at the end of the current fiscal year, although the Solid Waste Fund was projected to show an undesirable fund balance ending FY 2017 unless rate changes were contemplated.

In addition, City Council was briefed on other budget issues related to FY 2017 budget planning, including employee compensation and benefits, potential personnel additions,

pavement management study costs related to street maintenance, water and wastewater rates, and recommended one-time projects that could be funded with excess General Fund balance monies. The City Council's inputs on those topics of discussion were given consideration in the formulation of this proposed budget.

A more detailed explanation of the budget process, including an explanation of budget monitoring throughout the fiscal year, is included later within this budget document.

BUDGET GOALS

The proposed FY 2017 budget has been developed with a clear set of goals that guided staff throughout this process. Those goals are:

1. *Support the City Council's strategic priorities and ensure continuing and cost-effective, quality service delivery.*

The proposed budget is what will define the business of City staff for the next fiscal year and therefore, it is extremely important to align the available resources with the priorities established by City Council.

2. *Utilize sound financial principles.*

The proposed budget has been constructed within the context of multi-year financial planning, analysis of the economic environment and trends, and adherence to recommended financial practices and principles such as fund reserve balances and cost accounting methods.

3. *Maintain expenditures within expected revenues.*

The proposed FY 2017 budget is structurally balanced; meaning ongoing operating expenditures are held below expected, ongoing revenues, and fund balance reserves are not used to fund ongoing operations. The proposed budget does not anticipate a tax rate increase and maintaining or lowering the tax rate is a priority consideration when developing the budget. Multi-year financial planning allows decisions to be made with consideration to long term effects – positively or negatively.

CITIZEN INPUT TO BUDGET

On January 12, 2016, a Town Hall meeting was held in the DL Hopkins Senior Activity Center with more than fifty citizens in attendance. The topic of discussion was an overview of the City’s General Fund budget. Sources of revenue were explained, including property taxes and sales taxes, and expenditures by type of services provided and by department were also discussed. Following the budget overview presentation, citizens were asked to provide as many responses as they wished to three questions:

1. What should the City spend MORE money on?
2. What should the City spend LESS money on?
3. What should the City spend THE SAME on?

The responses were written down on easel pads under each of the three categories, including a “parking spot” for miscellaneous ideas. Next, the audience was asked to place a post-it dot on the three most important things they saw on the list, under any categories. The question responses, and relative prioritization results, were as follows:

Spend The SAME On:	Votes:	Spend MORE On:	Votes:	Parking Spot Miscellaneous:	Votes:
Parks & Recreation	8	Economic Development	16	New Business Incentives	13
Police	5	Walking/Bike Trails	15	Public Transportation	12
Continue Flashing Yellow Light Program	4	Street & Alley Improvements (lights/Sidewalks/San. Sewer)	12	Camp Wisdom Improvements (like Main St.)	5
Fire	3	July 4th Fireworks	11	Involve Citizens in Clean-Up of City	5
Streets	2	Fire	10		
		Police	9		
		Splash Park	9		
		Better Senior Center/Lighting	9		
		Marketing	7		
		Library Programs (AEC)	6		
		Crime Cameras	4		
		Dog Parks	3		
		All Salaries	3		
		Park Basketball	3		
Spend LESS On:	Votes:				
Legal Actions & Consultants	5				

This citizen input was also considered in the formulation of the proposed budget as it addresses many of these areas. More detail will be provided in the subsequent budget summary discussions, but briefly:

-
- **Legal Fees:** The proposed FY 2017 budget includes \$183,500 in legal fees and expenditures, which is less than 50% the amount spent in FY 2013 and FY 2014, and 40% less than the amount spent in FY 2015.
 - **Economic Development:** Currently, the city has undertaken a Comprehensive Planning effort with the assistance of consulting firm Freese and Nichols, and a citizen Comprehensive Plan Steering Committee to work with staff and citizens to provide input. The result of the Study will guide development and economic opportunities for the next 10-15 years. In addition, the Duncanville Community and Economic Development Corporation (DCEDC) FY 2017 proposed budget Fund Balance is projected to increase by \$723,359 (+174.9%) over the FY 2016 Adopted Budget. This fund balance reserve is available for incentive opportunities that may be recommended by the DCEDC, and subject to approval by City Council.
 - **Walking and Bicycle Trails:** While no additional funding has been earmarked for walking and bicycle trails, the city will undertake a Parks and Recreation Master Plan and Trail Master plan effort later this year. Funding of \$75,000 has been set aside in the FY 2015 Innovations Fund for this effort. This plan will guide future priorities and budget efforts to construct more on-road and off-road walking and bicycle trails in Duncanville.
 - **Street and Alley Improvements:** With the completion of the Pavement Management Study this year, a street and alley maintenance plan based on actual conditions has been established for the next five years. The proposed FY 2017 budget includes adequate funding for FY 2017 street maintenance, and proposes an additional \$1,000,000 be set aside to “pre-fund” 2018 and subsequent years’ street and alley maintenance needs that are projected to be significantly higher than current levels of funding. Those streets and alleys that are beyond normal maintenance methods, will be scheduled for reconstructions through the Capital Improvements Plan (CIP) process.
 - **4th of July:** The City used cost savings in the current fiscal year Innovations Fund to provide a safe and enjoyable 4th of July festivity in Armstrong Park. Funding has been allocated in the Parks and Recreation budget to continue the same level of security and activities for next year.
 - **Fire / Police:** The proposed FY 2017 budget includes funding for continued step increases of approximately 3% for eligible fire and police personnel; and includes \$207,659 to bring the upper ranks of fire and police to within 90% of the market average of our benchmark cities. Additional funding has been allocated in the proposed FY 2017 Innovations Fund for Police Station security enhancements and new equipment for specialized police units.
 - **Senior Center** – the proposed FY 2017 Innovations Fund budget includes funding for a proposed signage change to reflect a new name, and new furniture and renovations to the interior as recommended by the Senior Advisory Commission.

FINANCIAL INFORMATION AND FUND SUMMARIES

The City’s budget is comprised of several funds to account for the revenues and expenditures that support the City’s operations. Some funds are supported by tax revenues (EXAMPLE: the General Fund), while other funds are supported by user fees that cover the cost of providing the service (EXAMPLE: the Utility Fund). Certain funds are also restricted in their use (EXAMPLE: the Duncanville Community and Economic Development Corporation Fund; Hotel Occupancy Tax Fund) while other funds provide more flexibility in their allowed uses.

Total Expenditure (All Funds) Budget Overview

The total proposed City budget for all funds for the 2016-2017 fiscal year is \$56,390,553; which includes \$1,089,028 transferred from General Fund Balance reserves for proposed Innovations Fund one-time expenditures. Figure 1 shows the various categories and operating funds that make up the total budget. As indicated in Figure 1, the General Fund (the operating and maintenance fund for most city services except utility services) and the Utility Fund (the operating and maintenance fund to provide all utility services) represents 83.9% of all City expenditures.

Figure 1 – Total Expenditures by Fund

Figure 2 shows that 38.2% of all City expenditures are for labor costs associated with the delivery of City services.

Figure 2 – Total Expenditures (All Funds) by Category

Total Revenue (All Funds) Budget Overview

Total 2016-2017 revenues for all funds, not including fund balance appropriations, is \$55,656,409. It is important to note that approximately 34.9% of all City revenue is derived from service charges such as water sales, sewer charges, refuse collection charges, etc. Also 45.1% of all revenue is derived from taxes and franchises such as ad valorem property taxes, sales tax and payments from Oncor Electric, Atmos Gas and cable and telephone service providers.

Figure 3 shows all revenue by source.

Figure 3 – Total Revenues (All Funds) by Source

INDIVIDUAL FUND SUMMARIES

Following is a brief explanation of each fund, a summary of revenues and expenditures for each fund, and key highlights of each.

GENERAL FUND:

The General Fund is the City's principle operating fund, which is primarily supported by property and sales taxes, and permits and fees. Miscellaneous other revenue that is not restricted in its use, are also typically allocated to the General Fund. This fund supports core city services such as police, fire, engineering, planning, parks, recreation, library, finance and administrative operations. Transfers from other funds are allocations for the management, finance and administrative support to those funds. These transfers are allowed by law and recognized as generally accepted accounting principles.

Tax Rate. The proposed budget for FY 2017 incorporates a tax rate of \$0.758447 per \$100 valuation, the fifth year at this level. This tax rate is typically split between general fund operations and debt service.

As discussed with City Council the previous fiscal year, and again in the preliminary budget workshop in June of this year, the final payment on the 2002 General Obligation Refunding Bonds was made in August 2015. The \$1,325,000 in debt service payments represents \$0.067152 of the property tax rate. Based on the City Council's previous input, most of this debt service amount will be transferred in FY 2017 to one-time capital improvement and other single cost projects as part of Innovations Fund initiatives. These proposed expenditures will be discussed in more detail along with a discussion of proposed General Fund expenditures. It is anticipated that during the course of FY 2017, the City Council will discuss the merits of a new bond issuance for city improvements, utilizing the existing available debt service.

Taxable Value. Figure 4 illustrates the change in assessed and taxable values over the past nine years.

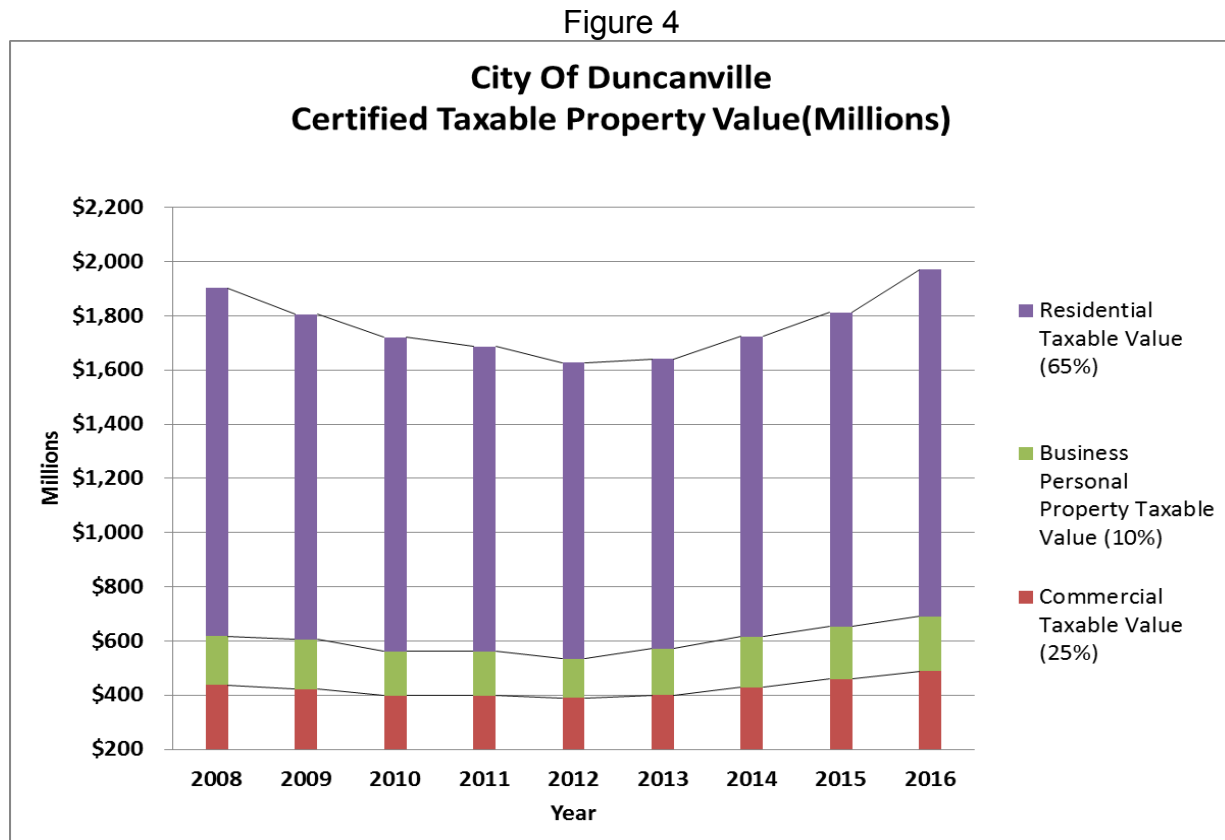

Figure 5 illustrates the City taxes paid by a citizen over these same years.

Figure 5

Average Taxable Value of Single Family Residence									
	2008	2009	2010	2011	2012	2013	2014	2015	2016

*Source: Dallas Central Appraisal District

State law requires a taxing entity to calculate two rates after receiving its certified appraisal roll – the effective tax rate and the rollback tax rate. The *effective tax rate* is the rate that will generate the same amount of property tax dollars this year as in the

previous year, excluding new construction and annexations. The *rollback tax rate* is the highest tax rate the taxing entity can set before taxpayers can petition for tax rollback procedures. There are certain requirements that must be followed by the City, depending on what the ultimate tax rate chosen is and its comparison to the effective tax rate. These requirements comply with state truth-in-taxation laws and protect the public's right-to-know concerning tax rate decisions. As shown in Figure 6, the proposed tax rate is above the effective tax rate for 2015, but below the rollback tax rate.

Figure 6

Tax Rate Comparison			
Fiscal Year	Tax Rate	Effective Tax Rate	Rollback Rate
2015	\$0.758447	\$0.722816	\$0.786267
2016	\$0.758447	\$0.718796	\$0.790517
2017	\$0.758447	\$0.704578	\$0.763848

Revenue Highlights. The proposed FY 2017 Annual Budget projects \$29,567,998 in General Fund revenues, or an increase of \$1,510,651 (+5.4%) over the FY 2016 Adopted Budget.

Property taxes (ad valorem tax) are the single largest source of revenue for the General Fund. The proposed budget estimates \$13,655,673 in property tax dollars for FY 2017, an increase of \$1,025,983 (+8.1%) over the FY 2016 Adopted Budget. This increase is attributable to new construction valued at \$8,456,894 and increased property values for existing commercial and residential properties.

Sales tax collections are the second highest source of revenue for the General Fund. The proposed budget estimates \$7,005,728 in sales tax dollars, an increase of \$459,222 (+7.0%) over the FY 2016 Adopted Budget. The FY 2016 Adopted Budget maintained sales tax collection at the same amount as collected in FY 2015 because of a decline in the growth of sales tax collections. However, during the course of FY 2016, we began to see sales tax collection increase again; therefore the FY 2017 Proposed Budget anticipates an increase of 2.5% over actual FY 2016 sales tax collections. Due to the volatility of sales tax, this is a conservative estimate.

Figure 7 illustrates the sales tax history by category since 2004.

Franchise fees are revenues received from various utility companies who utilize the City’s rights of way for delivery of their services. Revenues from franchise fees are projected to be \$2,076,000 or a decrease of \$36,000 (-1.7%) over the FY 2016 Adopted Budget. The largest payments are received from electric and natural gas utilities and are based on a percentage of gross receipts from each provider. Consumption of electricity and natural gas are very dependent on weather temperatures, therefore revenue can fluctuate year to year based on average temperatures. Cable franchise fees are based on a percentage of gross receipts as well and tend to be more stable. Telephone franchise fees are based on the number of customers or access lines, which continue to decline due to the choice of more customers to forego a residential land line and rely solely on cell phone service.

Permits and fees are those charges for municipal services typically related to development activity, emergency medical services, and 911 service fees. The proposed FY 2017 budget anticipates revenues of \$1,310,800, a decrease of \$161,600 (-11.0%),

primarily due to a decrease in 911 fee revenues. During FY 2016, the cities of Desoto, Cedar Hill and Duncanville opted to have their respective 911 fees paid directly to the Southwest Regional Communications Center (SWRCC) with credit applied to each city's contribution, thereby offsetting the total amount invoiced to each city for operation of the SWRCC. The decrease in revenue is offset by a corresponding decrease in budgeted expenses for the SWRCC.

Fines include Municipal Court fines and fees assessed for various code violations, overdue library books and false alarms. Revenues in this category are projected at \$727,000, an increase of \$17,000 (+2.4%) compared to the FY 2016 Adopted Budget. The slight increase is due to a small increase in expected Municipal Court fines.

Interest on Investments is projected to remain relatively steady at \$20,000 and recreation fees are projected to increase slightly from \$215,000 to \$228,000 in FY 2017.

Other revenue includes reimbursements from Duncanville ISD for school crossing guards, alcoholic beverage tax receipts, insurance reimbursements, auction proceeds, cellular company payments for tower leases, etc. This category also includes the annual lease payments of \$150,000 from EON Reality. Revenues in this category are projected at \$669,960 for FY 2017, or an increase of \$11,606 (+1.8%) over the FY 2016 Adopted Budget.

The General Fund also realizes \$2,499,837 in revenue that will be transferred in from the Utility Fund, Solid Waste Fund, Duncanville Community and Economic Development Corporation, Hotel-Motel Fund, and Transportation Improvement and Safety Fund, to cover indirect costs borne by the General Fund. These costs include management, legal, finance and human resources administrative support costs.

Figure 8 -- General Fund Revenue by Source

Expenditure Highlights. The proposed FY 2017 Annual budget projects \$30,380,279 in total General Fund expenditures, an increase of \$2,329,803 (+8.3%) over FY 2016 Adopted Budget. Of this increase however, \$1,135,522 is transferred from the unused debt service and will be allocated for Innovations Fund one-time expenditures and projects. In addition, \$1,089,028 of excess General Fund Balance reserves will also be transferred to the Innovations Fund.

Total operating expenses for FY 2017 are proposed at \$27,520,501 or an increase of \$1,160,775 (+4.4%) over FY 2016 Adopted Budget operating expenses. Other adjustments to expenditures are budgeted at \$635,228 and are discussed later.

Following are the major highlights of the General Fund proposed expenditures:

- Personnel Expenses. Since the City of Duncanville is a service organization, the majority of expenses in the General Fund, as shown in Figure 9 below, are related to labor costs, or the costs necessary to provide the personnel to deliver the services expected by the community. The proposed FY 2017 General Fund budget dedicates \$18,294,806 or 60.2% of total spending on personnel related expenses.

Figure 9 -- General Fund Expenditures by Category

One indicator of staffing generally used is number of citizens served per employee. While this can vary across cities depending on the services offered, it is nonetheless a useful reference point.

As shown in Figure 11 below, the number of citizens served per employee is higher than many cities in our survey group, indicating that Duncanville continues to be a lean organization.

Figure 11

Compensation and Classification: In FY 2015, the City undertook a compensation study to thoroughly review the existing job classification structure and to evaluate the external market competitiveness for those job classifications. The City last undertook such an effort in 2006, almost ten years previously. An employee compensation strategy must be balanced between paying enough to attract and retain skilled workers, while not overpaying in the market which results in unnecessary spending.

A history of previous years' compensation adjustments is shown in Figure 10.

Figure 10 -- Compensation Increases

Fiscal Year	Compensation	Notes
2009	3%	Included furloughs of general employees.
2010	0%	Included furloughs of general employees.
2011	0%	
2012	3%	
2013	0%	
2014	0%	One time Lump Sum Payment
2015	3%	General employees: actual pay brought to within 10% of market per actual average salaries. Starting pay adjustments were also made if starting pay range was below the market average; 3% across the board. Fire: 15% adjustment to starting pay; Police: 7% adjustment to starting pay.
2016	0% ATB	Compensation Study performed in FY 14-15 and as a result 91 general positions received a market adjustment. The average increase was 3.29%. Police and Fire Civil Service received a pay plan adjustment of 2.50%.

During this current fiscal year, a salary survey was performed internally to compare existing classifications and ranges with the market using our 15 comparable, or "benchmark" cities. These include Cedar Hill, Coppell, Desoto, Farmers Branch, Frisco, Grand Prairie, Irving, Lancaster, Lewisville, Little Elm, Mansfield, McKinney, Rockwall, Rowlett, and The Colony. Using 50 benchmark positions, the overall average market difference is evaluated, as well as analysis of those positions that may be well outside of the market comparison.

Compensation goal #1 proposed in the FY 2017 budget, is to bring the upper ranks of Police/Fire positions (those above Police Officer and Firefighter) to within 90-95% of the market average. These paygrades were in some cases as much as 15% below the market average. Fire and Police employees on average will see an increase of 3.91% and will continue to receive their annual step

increases of 3-4% if not at the maximum pay step for their grade. The cost to implement this strategy is \$207,659 (excluding taxes and TMRS).

Compensation goal #2 proposed in the FY 2017 budget, is to provide general employees an across the board increase of 3%. Full Time employees with at least one year of service as of October 1, 2016 will receive a 3% increase. The cost to implement this goal is \$189,246 (All Funds, and excluding taxes and TMRS). General Fund amount is \$145,856; Utility Fund amount is \$30,217, and all other funds is \$13,173.

Compensation goal #3 proposed in the FY 2017 budget, is to make necessary adjustments for reclassification (based on job function and market), compression, and salary changes required by the new Fair Labor Standards Act (FLSA) regulations that take effect December 1, 2016. A total of 23 positions were affected and the total cost (not including taxes and TMRS) comes to \$55,492. General Fund amount is \$41,186 and Utility Fund amount is \$14,305.

The total cost of implementing the three goals listed comes to \$452,398. General Fund amount is \$394,702; Utility Fund \$44,522; and all other funds \$13,173.

Personnel:

Based on input from the City Council during the Pre-Budget Workshop in June, the proposed FY 2017 General Fund budget includes the addition of one (1) Code Enforcement Officer, bringing the total to four (4) Code Enforcement Officers. The budget allocates \$51,366 (total compensation package) for a new Code Enforcement Officer. Vehicle and other equipment expenses are included in the Innovations Fund for a total of \$27,600.

Benefits:

The City of Duncanville has long since lagged behind our competitor cities in Texas Municipal Retirement System (TMRS) benefits. To attract and retain employees to our City, TMRS plays a significant role. For the first time since FY 2009, the proposed budget includes funding for TMRS enhancements which will benefit current employees as well as retirees of the City of Duncanville. The enhancement includes adding a 100% USC (Updated Service Credit) benefit on an Ad-Hoc basis and a 50% COLA benefit on an Ad-Hoc basis. Updated Service Credit is a benefit to current employees and their future retirement. COLAs only affect the current retiree population. At the 50% benefit rate, 183 retiree annuitants will receive an increase in their monthly pension payment.

The total cost to implement TMRS benefit enhancements as compared to the FY 16 revised budget, comes to \$485,491. However, approximately 43% of this amount would have been added to the FY 2017 budget regardless of any plan design change due to a rate change as set by TMRS' annual actuarial study. General Fund amount is \$415,323; Utility Fund is \$52,034; all other funds is \$18,134.

- Transfer to Innovations Fund. Due to the retirement of the 2002 General Obligation Refunding Bonds in 2015 as previously mentioned, the proposed FY 2017 General Fund budget includes a transfer of \$1,135,522 to the Innovations Fund. In addition, \$1,089,028 of excess General Fund Balance reserves is also proposed for transfer to the Innovations Fund. Proposed expenditures will be discussed in detail in a later section.
- Transfer to Grant Fund. The proposed FY 2017 General Fund budget includes \$95,000 to be transferred to a Community Development Block Grant (CDBG) fund due to a change by Dallas County to biennial funding. Duncanville will receive CDBG funding in 2017, but will not be eligible again until FY 2019.
- Economic Incentive Grants. The proposed FY 2017 General Fund budget also includes \$300,000 in economic incentive grant payments to Deford Lumber. The performance agreement with Deford, approved in 2014, stipulates that the City will pay up to \$300,000 annually in monthly payments of \$25,000 if the company generates certain minimum local sales tax amounts, and agrees to remain in the city of Duncanville for at least 12 months. If the company relocates operations outside of Duncanville, they agree to designate the city as the site for sales tax sourcing purposes.
- Loan Payment. A loan repayment amount of \$240,228 is included in the proposed FY 2017 General Fund budget. This is the repayment amount in 2017 for the loan proceeds attributed to the EON Reality incentive of \$1,500,000. The loan will be repaid over seven years and is partially offset by the lease payments to the City of \$150,000 annually over ten years.

Fund Balance. The City of Duncanville Financial Policies, Section IX(B) "Operating Reserves" requires the General Fund to maintain 60 days minimum expenditures (the equivalent of 16.67% in working capital expenses) in reserve. These reserves are for unanticipated expenditures such as natural disasters or emergencies, large legal liabilities, or important one-time expenditures.

The proposed FY 2017 General Fund budget reflects an undesignated ending fund balance of \$6,044,630 or 77 days of operations (21.1% Fund Balance). This is above the minimum requirements established by the City's Financial Policies and is in keeping with GASB recommendations to maintain a 15-25% undesignated fund reserve.

Maintaining a fund balance above the minimum requirements is a prudent and fiscally sound strategy that ensures a sufficient reserve level in the event of an unanticipated economic downturn or other emergency. At the same time, we are able to maximize the use of the taxpayer's dollars in providing desired services by not unduly restricting significantly higher levels of reserves.

Excess fund balance reserves are proposed for one-time expenditures in the Innovations Fund (discussed in the following sections).

DEBT SERVICE FUND:

This fund receives the portion of ad valorem taxes that pay the annual debt service on long term tax supported debt. Bonds are typically issued for capital improvement projects, including public works infrastructure, parks, and facilities.

The debt service fund anticipates total revenues of \$1,357,500, most of which is ad valorem taxes, delinquent taxes, and penalties and interest on delinquent taxes. As discussed previously, with the retirement of the 2002 General Obligation Refunding Bonds, the debt service fund will transfer \$1,375,000 to the General Fund in the FY 2017 Proposed Budget, leaving a fund balance of \$27,277. This is an adequate reserve since there are no debt service payments necessary.

Of the \$1,325,000 transferred to the General Fund from Debt Service, a small portion will be used towards the General Fund expenses including loan repayments. \$1,135,522 is proposed to be transferred to the Innovations Fund.

INNOVATIONS FUND:

Excess General Fund reserves in the amount of \$1,089,028 and transfer of unused Debt Service funds in the amount of \$1,135,522, for a total of \$2,224,550, are proposed for the following one-time expenditures and projects:

<i><u>Innovations Fund – Pavement Management</u></i>	\$1,000,000
--	-------------

Addresses City Council Capstone 2: Create high quality neighborhoods and parks; and Organizational Workplan Goal: Maximize city and community resources to improve quality of life in a sustainable manner.

- With the completion of the Pavement Management Study in FY 2016, an objective evaluation of street conditions and required maintenance, including estimated costs, can be developed for future years. Adequate funding is proposed in the FY 2017 budget for recommended street maintenance in 2017, however subsequent years will require significantly higher funding levels. \$1,000,000 is proposed to be set aside to “pre-fund” these higher required levels of spending in 2018 and beyond.

Innovations Fund – Facility Improvements

\$351,230

- Security camera upgrades for Fieldhouse and new installation in Armstrong Park (\$150,000)
- Enhanced security improvements for Police Station and other secure areas (\$64,000)
- Facility repairs and renovations including enhanced egress for Fire Station #1, air conditioning equipment replacements, and renovations to City Council Chambers (\$82,230)
- New fueling software system and chemical storage building for Service Center (\$55,000)

Innovations Fund – Parks Improvements

\$705,300

Addresses City Council Capstone 2: Create high quality neighborhoods and parks; and Organizational Workplan Goal: Maximize city and community resources to improve quality of life in a sustainable manner.

- Replace gym flooring for Fieldhouse (\$500,000)
- DBBI Field Improvements – turf improvements for better drainage and soil conditions which will decrease maintenance costs and decrease downtime of fields following rain events (\$48,000)
- Replace fences at Lakeside and Lions Parks (\$28,000)
- Install parking lot post and cabling barriers at Harrington Park (\$30,000)
- Purchase additional vehicle for irrigation crew to allow for increased efficiencies and better utilization of crew (\$40,000)
- Signage replacement for “re-branding” of Senior Activity center, furniture replacement and minor remodeling (\$59,300)

Innovations Fund – General

\$168,020

- Equipment for Police specialized units, additional Code Enforcement Officer (\$42,045)

- Library equipment and software for IT management and Human Resources (\$125,975)

UTILITY FUND – WATER AND WASTEWATER:

Revenue Highlights. In January 2015, and again in October 2015, the City Council enacted a multi-year rate increase structure for water and sewer in order to address significant fund balance deficits in the Utility Fund. In discussions with City Council at the pre-budget workshop in June, staff indicated that the full programmed rate increase for FY 2017 would not be necessary due to better than anticipated revenues. City Council's direction was to reduce the programmed rate increases to only account for rate increases to Duncanville from Dallas Water Utilities and Trinity River Authority. Therefore, a proposed rate increase in water base rates equivalent to 6.4% and a wastewater rate increase equivalent to 9.7%, is proposed for FY 2017. The proposed FY 2017 Utility Fund budget shows total revenues of \$16,875,302, an increase of \$760,793 (+4.7%) over the FY 2016 Adopted Budget.

Expenditure Highlights. Expenditures are budgeted at \$16,914,537, an increase of \$757,666 (+4.7%) from the FY 2016 Adopted Budget, primarily due to an increase of \$545,999 in funding to the Capital Improvements Plan (CIP).

The proposed FY 2016 Utility Fund budget includes a transfer of \$2,902,000 for capital improvements including continued water and wastewater line replacement to upgrade aging infrastructure. Projects are listed in the Capital Improvements Plan (CIP) section.

Fund Balance. As presented at the preliminary budget workshop in June, projections indicated that Utility Fund balance was recovering faster than initially projected and we are pleased to note that projected FY 2017 ending fund balance will achieve the goals of the City's Financial Policies. The expected FY 2017 ending fund balance of \$3,959,755 or 85 days operating reserves is above the minimum 60 days' operating reserves required by the City of Duncanville's Financial Policies.

Multi-year projections indicate this fund balance may decline below optimal levels within the next couple of years. A thorough review of future Utility Fund capital improvement projects during FY 2017 and continued monitoring of the Utility Fund will lead to further discussion with City Council regarding the rate structure in effect and whether additional modifications can or should be made.

Figure 12

UTILITY FUND – SOLID WASTE:

Revenue Highlights. The Solid Waste Fund includes revenues paid by residents and commercial businesses within the city for trash and solid waste pickup. The City contracts with Republic Waste Services to provide this service. Annually, Republic Services is allowed by contract to include a price increase to the rates charged to the City, equivalent to increases in the Consumer Price Index (CPI). The City has not passed along these rate increases since 2012. This has resulted in depleting the fund balance reserve amount to below acceptable levels. Therefore as discussed with City Council in June, the proposed FY 2017 Budget includes a recommended rate increase as follows:

- Curbside pickup: +\$1.50 / month
- Alley pickup: +\$3.00 / month (higher rate to fund alley repairs and maintenance)

Total revenues are projected at \$2,874,039 in the proposed FY 2017 budget, an increase of \$203,789 (+7.6%) over the FY 2016 Adopted Budget. Most revenue is received from residential garbage collection fees.

Expenditure Highlights. Expenditures are budgeted at \$2,904,408, an increase of \$147,911 (+5.4%) from FY 2016 Adopted Budget, primarily due to an increase in landfill costs.

Fund Balance. The fund balance is projected to be slightly below the optimal 60 days, at \$468,815, a decrease of \$192,011 (-29.1%) from the FY 2016 Adopted Budget.

DUNCANVILLE COMMUNITY & ECONOMIC DEVELOPMENT CORPORATION (DCEDC):

In 1995, two propositions were passed by Duncanville voters. Proposition No. 1 was approved for an additional one-half of one percent sales and use tax to be used to reduce the property tax rate. Proposition No. 2 was approved for an additional one-half of one percent sales and use tax to be used for parks and parks facilities, municipal buildings, (for example library facilities) including maintenance and operating costs of such facilities, and for the promotion and expansion of manufacturing and industrial facilities, and other economic development purposes. Following approval of these propositions, the DCEDC Board was formed to oversee the use of the 4B sales tax funds.

Revenue Highlights. The proposed FY 2017 DCEDC budget projects \$2,337,543 in total revenue, an increase of \$152,874 (+7.0%) from the FY 2016 Adopted Budget. Sales tax receipts have increased over the previous year and the budget anticipates a 2.5% increase in sales tax for FY 2017 over the projected ending FY 2016 sales tax collection amounts.

Expenditure Highlights. Expenditures are budgeted at \$1,736,675 for FY 2017, a decrease of \$376,105 (-17.8%) from FY 2016 Adopted Budget. Of this amount, \$436,060 is allocated to ongoing expenses of the DCEDC such as personnel salaries and benefits, marketing, and maintenance on DCEDC owned properties. Funding of \$108,000 is allocated for economic development incentive agreements previously approved and for signage, landscaping and paint incentive grant programs. Quality of life expenditures of \$140,260 are budgeted for beautification projects throughout the city.

Debt service paid by the DCEDC is allocated at \$1,051,155 for FY 2017 to repay long term debt attributed to the Fieldhouse and for 2006 debt issued to finance various park improvements and public infrastructure improvements for the Shops at Waterview. Refinancing the Fieldhouse debt in 2016 to take advantage of lower interest rates, resulted in a reduction of debt service payments of \$92,821 (-8.1%) in FY 2017.

Fund Balance. The ending fund balance in the proposed FY 2017 DCEDC budget is projected to be \$1,136,998, an increase of \$723,359 (+174.9%) over the FY 2016 Adopted Budget.

HOTEL-MOTEL TAX FUND:

Hotel occupancy taxes are authorized under the Texas Tax Code, Chapter 351, which also restricts these funds to uses specifically authorized under this chapter. This fund was created therefore, to account for the tax revenue generated by hotel and motel room rentals within the city of Duncanville.

Revenue Highlights. The proposed FY 2017 Hotel-Motel Fund budget anticipates total revenues of \$726,200, an increase of \$181,400 (+33.3%) over the FY 2016 Adopted Budget. This increase in revenue is primarily due to an increase in group sales for weddings, conferences, etc.

Expenditure Highlights. Proposed total expenditures are \$530,707, a decrease of \$63,041 (-10.6%) over the FY 2016 Adopted Budget. The decrease in expenditures is primarily due to reallocation of 4th of July and other event expenses to the General Fund Parks and Recreation department budget. The proposed budget allocates \$200,000 towards sports tourism and Fieldhouse advertising to fund eligible expenses related to generating more hotel occupancy.

Other expenditure highlights include:

- | | |
|--|----------|
| • Wayfinding signage master plan | \$50,000 |
| • Sandra Meadows tournament | \$40,000 |
| • Great American Sports tournaments (GASO) | \$25,000 |
| • Duncanville Chamber of Commerce (Visitor Center) | \$21,412 |
| • Duncanville Community Theatre | \$30,000 |
| • International Museum of Cultures | \$50,500 |

Fund Balance. The proposed FY 2017 Hotel-Motel Fund budget projects an ending fund balance of \$847,460 which will carry forward for future initiatives and eligible projects that promote tourism in the city of Duncanville.

TRANSPORATION IMPROVEMENT AND SAFETY FUND:

Revenue Highlights. The City of Duncanville began participating in the Scofflaw program in FY 2014, which generated significant additional revenues in FY 2014 and FY 2015. While we expected revenue to decrease in this area in FY 2016, it has remained relatively high and exceeded budget expectations. Therefore, the proposed

FY 2017 budget anticipates total revenues from regular traffic enforcement fines, scofflaw traffic fines, and interest income of \$1,502,400, an increase of \$351,275 (+30.5%) from the FY 2016 Adopted Budget.

Expenditure Highlights. Expenditures from this fund are utilized for traffic enforcement and traffic safety related costs. Total expenditures proposed from this fund are \$1,517,378, a decrease of \$55,420 (-3.5%) from the FY 2016 Adopted Budget. Highlights of proposed expenditures include:

- | | |
|--|-----------|
| • Redflex contractual services | \$486,864 |
| • Transfer to State of Texas | \$360,723 |
| • Conversion of loop detectors to video detection | \$152,000 |
| • Street sign change-out (meet reflectivity requirements) | \$95,000 |
| • ADA-compliant pushbuttons at intersections (1 st phase) | \$75,000 |
| • Electronic ticket writers for Police | \$20,700 |

Fund Balance. The projected ending fund balance is \$276,908 in the proposed FY 2017 budget.

DRAINAGE FUND:

The City collects stormwater drainage fees from residential, multifamily and commercial utility customers to offset the costs of maintaining and constructing stormwater drainage systems within the city.

Revenue Highlights. The proposed FY 2017 budget anticipates total revenues of \$659,861, an increase of \$11,813 (+1.8%) over the FY 2016 Adopted Budget.

Expenditure Highlights. Expenditures proposed in the FY 2017 budget total \$893,682 and include eligible costs for Public Works engineering and administration related to stormwater management, and \$555,000 for erosion control projects and capital improvement projects.

Fund Balance. An ending fund balance of \$104,323 is projected in the proposed FY 2017 budget.

DUNCANVILLE SPORTS FACILITY (FIELDHOUSE):

PROS Consulting was retained by the City in January 2015 to perform a study on the operations of the Duncanville Fieldhouse and create a Business Plan that assists the City Council and staff in making strategic decisions that are achievable, as well as set realistic expectations based on real data and thoughtful information. One of the key

recommendations of the study was to change facility management from a contracted arrangement to a City-employed manager. The City Council approved this management change at its May 3, 2016 meeting and a new manager began on May 16, 2016. Since budget preparations were already underway with the prior management, and given that the new facility manager is currently working on a proposed business plan for City Council consideration later this year, the proposed FY 2017 budget has been based on a continuance of operations as currently exist. It is expected that with consideration of a new business plan and budget by City Council later in the fiscal year, the proposed FY 2017 budget can be amended as necessary at that time.

Revenue Highlights. Total revenue is projected at \$1,111,066 in FY 2017, a decrease of \$1,937 from FY 2016 Adopted Budget.

Expenditure Highlights. Total proposed expenditures are budgeted at \$1,813,127, a decrease of \$226,734 (-11.1%) which is primarily due to decreases in personnel costs and debt service payments. Debt service is offset by a transfer from the DCEDC.

Fund Balance. The ending fund balance is projected at (\$1,304,770). Building depreciation allowed by generally accepted accounting standards typically covers this deficit. The goal of the new business plan will be to increase marketing, facility utilization, and sponsorships, with the expectation that this deficit will begin to decrease.

FLEET AND EQUIPMENT REPLACEMENT FUND:

The City of Duncanville maintains a Fleet and Equipment Replacement Fund designed to even out departmental expenses for the City's fleet from year to year, and provide a logical method for funding and replacing vehicles when optimal. Each department with vehicles is "charged" an amount annually to accrue funds for the planned replacement of that vehicle. Years in service and maintenance history are then used to determine if the vehicle should be replaced on schedule or can be extended.

This fund is budgeted at \$1,064,810 in revenues (departmental transfers in) and \$2,621,029 in expenditures for planned replacements of vehicles in FY 2017. This includes the replacement of two expensive pieces of apparatus – a 2007 Pierce Quint fire engine and a 2007 F-450 ambulance.

The ending fund balance is projected to be \$959,948 in the proposed FY 2017 budget.

IT REPLACEMENT FUND:

Similar to the concept of the Fleet and Equipment Replacement Fund, beginning in FY 2017, we will establish an IT Replacement Fund to begin more evenly allocating costs

for computer and other technology replacement needs. Departments will be “charged” an amount based on their current technology inventory and the expected replacement schedule for that equipment. Costs will be amortized over the remaining useful life of the equipment, and an appropriate amount allocated to each department to begin building sufficient funds to replace the equipment when needed. The proposed FY 2017 budget includes revenues of \$178,106 (departmental transfers in) and planned expenditures of \$41,366, leaving a fund balance of \$136,740.

COMPREHENSIVE SELF INSURANCE FUND:

The City of Duncanville is partially self-funded for liability and workers’ compensation claims. No significant claims have been experienced in FY 2016 to date. The proposed FY 2017 budget anticipates \$480,592 in revenue as transfers in from the various other operating funds from which claims might arise, a decrease of \$41,791 (-8.0%) from the adopted FY 2016 budget. Total revenues are anticipated to be \$483,042 with pooled interest income. Total expenses projected in FY 2017 are \$517,043, leaving a fund balance of \$523,069 for FY 2017, a decrease of \$65,869 (-11.1%) from the FY 2016 Adopted Budget ending fund balance. This is still considered a favorable and sufficient unreserved balance for this fund.

MEDICAL SELF INSURANCE FUND:

The City of Duncanville is partially self-funded for medical coverage of employees and retirees and dependents. The City has experienced favorable claims history in recent years, and combined with prudent financial management, has resulted in a healthy fund reserve. This has allowed the City to absorb relatively small fluctuations in premium costs this coming year (also attributable to the favorable claims history of plan participants) with no significant budget impacts and only minor additional costs to “employee-only” premiums. In addition the City will be making plan design changes to the Core plan to decrease participant deductible and out of pocket amounts; as well as partnering with the Methodist Healthcare System to implement a city-wide Wellness program.

The ending fund balance projected in the FY 2017 Proposed Budget will be \$1,649,510.

CAPITAL IMPROVEMENT PLAN (CIP):

The City uses a Capital Improvements Plan (CIP) process to plan major capital improvement needs on a multi-year schedule. Each year as part of the budget process, capital projects identified for completion in that year are budgeted within the appropriate fund and as resources are available. Projects can be funded through the Innovations Fund, Utility Fund, General Fund, Drainage Fund, or other fund sources as eligible.

Highlights of the FY 2017 CIP, and the source of funds, are:

- North Main Street pump station improvements (**Utility**) \$815,000
- Summit Ground Water Storage Tank rehabilitation (**Utility**) \$750,000
- Water, wastewater line replacements (**Utility**) \$837,000
(Irwin Keasler Redbird Addition)
- Wastewater line replacement by pipe-bursting (**Utility**) \$500,000
(Flame West, Hilltop, Skyline, Redbird #4, River Oaks)
- Intersection Improvements; Wintergreen and Main (**General**) \$101,000
- Parking Lot Improvements, Main and US Hwy 67 (**General**) \$52,200
- Forest Hills alley reconstructions (**Solid Waste**) \$195,000

CONCLUSION

The proposed FY 2016-2017 budget provides a clear and viable work plan for the upcoming fiscal year operation. Funds are provided for projects and programs that maintain critical services and enhance the overall quality of life for the city's residents and visitors.

I would like to extend my thanks and appreciation to Finance Director Richard Summerlin, Assistant Finance Director Tia Pettis and the entire Finance department staff for their work and dedication in producing this proposed budget. I also want to thank the entire executive staff, especially Assistant City Manager Charles Smith, for their diligence and review in crafting a proposed budget that is financially prudent and conservative, while also striving to improve the quality of services to our citizens. All of our city employees deserve recognition and thanks for their hard work and dedication to the citizens of Duncanville.

The staff looks forward to working with the Mayor and City Council as we address the challenges of the coming year and together, work to build a vibrant and inclusive community.

Respectfully submitted,

Kevin Hugman
City Manager

FINANCIAL POLICIES

CITY OF DUNCANVILLE

FINANCIAL POLICIES

I. PURPOSE STATEMENT

These policies are developed by the City Manager to guide the Finance Director and staff in financial matters. The overriding goal of the Financial Management Policies is to enable the City to achieve a long-term stable and positive financial condition while conducting its operations consistent with the Council-Manager form of government established in the City Charter. The watchwords of the City's financial management include integrity, prudent stewardship, planning, accountability, and full disclosure.

The purpose of the Financial Management Policies is to provide guidelines for the Finance Director in planning and directing the City's day-to-day financial affairs and in developing recommendations to the City Manager.

The scope of the policies spans accounting, auditing, financial reporting, internal controls, operating and capital budgeting, revenue management, cash management, expenditure control, and debt management.

II. ACCOUNTING, AUDITING, AND FINANCIAL REPORTING

A. ACCOUNTING – The City's Assistant Finance Director is responsible for establishing the chart of accounts, and for properly recording financial transactions.

B. EXTERNAL AUDITING – The City will be audited annually by outside independent accountants (auditors). The auditors must be a CPA firm and must demonstrate significant experience in the field of local government auditing. They must conduct the City's audit in accordance with generally accepted auditing standards, and be knowledgeable in the Government Finance Officers Association Certificate of Achievement Program. The auditor's report on the City's financial statements will be completed within three months of the City's fiscal year end, and the auditor's management letter will be presented to the City staff within four months after the City's fiscal year end. An interim management letter will be issued prior to this date if any materially significant internal control weaknesses are discovered. The City staff and auditors will jointly review the management letter with the City Council within 30 days of its receipt by the staff.

C. AUDITORS RESPONSIBLE TO THE CITY COUNCIL – Auditors are accountable to the City Council and will have access to direct communication with the City Council if the City staff is unresponsive to auditor recommendations or if the auditors consider such communication necessary to fulfill their legal and professional responsibilities.

- D. **AUDITOR ROTATION** – The City will require auditor rotation, and will circulate requests for proposal for audit services at least every five years.
- E. **EXTERNAL FINANCIAL REPORTS** – The City will prepare and publish a comprehensive annual financial report (CAFR). The CAFR will be prepared in accordance with generally accepted accounting principles, and will be presented annually to the Government Finance Officers Association (GFOA) for evaluation and awarding of the Certificate of Achievement for Excellence in Financial Reporting.
- F. **INTERNAL FINANCIAL REPORTING** – The Finance Department will prepare internal financial reports sufficient for management to plan, monitor, and control the City's financial affairs.

III. **INTERNAL CONTROLS**

- A. **WRITTEN PROCEDURES** – The Finance Director through the Assistant Finance Director is responsible for developing city-wide guidelines on accounting, cash handling, and other financial matters which will be approved by the City Manager.

The Finance Department will assist Department Managers as needed in tailoring these guidelines into detailed written procedures to fit each department's requirements.

- B. **DEPARTMENT MANAGERS RESPONSIBILITY** – Each Department Manager is responsible to the City Manager to ensure that good internal controls are followed throughout his or her department, that all guidelines on accounting and internal controls are implemented, and that all independent auditor control recommendations are addressed.

IV. **OPERATING BUDGET**

- A. **PREPARATION** – The City's operating budget is the City's annual financial operating plan. It is comprised of the General Fund, the Hotel Tax Fund, the Economic Development Fund, the Debt Service and the Water and Sewer and Solid Waste Fund, but excluding capital project funds. The budget is prepared by the Finance Department with the cooperation of all City departments, and is submitted to the City Manager who makes any necessary changes and transmits the document to the City Council. The budget must be presented to the City Council no later than July 31st of each year, and should be enacted by the City Council at least ten (10) days prior to the beginning of the next fiscal year.
- B. **BALANCED BUDGET** – The operating budget will be balanced, with current revenues, greater than or equal to current expenditures.

- C. **PLANNING** – The budget process will be coordinated so as to identify major policy issues for City Council consideration several months prior to the budget approval date so that proper decision analysis can be made.
- D. **REPORTING** – Monthly financial reports will be prepared to enable the Department Managers to manage their budgets and to enable the Finance Department to monitor and control the budget as authorized by the City Manager.
- E. **PERFORMANCE MEASURES AND PRODUCTIVITY INDICATORS** – Where appropriate, performance measures and productivity indicators will be used as guidelines and reviewed for efficiency and effectiveness. This information will be included in the annual budget process.

V. CAPITAL BUDGET AND PROGRAM

- A. **PREPARATION** – The City's capital budget will include all capital project funds and all capital resources. The budget will be prepared annually and presented to the City Council with the operating budget.
- B. **CONTROL** – All capital project expenditures must be appropriated in the capital budget. The Finance Department must certify the availability of such appropriations or the availability of resources so an appropriation can be made before a capital project contract is presented by the City Manager to the City Council for approval.
- C. **PROGRAM PLANNING** – The capital budget will include capital improvements program plans for future years. The planning time frame should normally be at least five years. The replacement and maintenance for capital items should also be projected for the next five years. Future maintenance and operations will be at full cost, so that these costs can be considered in the operating budget.
- D. **ALTERNATE RESOURCES** – Where applicable, assessments, pro-rata charges, or other user-based fees should be used to fund capital projects which have a primary benefit to certain property owners.
- E. **DEBT FINANCING** – Recognizing that debt is usually a more expensive financing method, alternative financing sources will be explored before debt is issued. When debt is issued, it will be used to acquire major assets with expected lives, which equal or exceed the average life of the debt issue. The exceptions to this requirement are the traditional costs of marketing and issuing the debt, capitalized labor for design and construction of capital projects, and small component parts which are attached to major equipment purchases.
- F. **REPORTING** – Monthly financial reports will be prepared to enable the Department Managers to manage their capital budgets and to enable the Finance Department to monitor the capital budget as authorized by the City Manager.

VI. REVENUE MANAGEMENT

- A. **SIMPLICITY** – The City will strive to keep the revenue system simple which will result in a decrease of compliance costs for the taxpayer or service recipient and a corresponding decrease in avoidance to pay.
- B. **CERTAINTY** – An understanding of the revenue source increases the reliability of the revenue system. The City will try to understand its revenue sources, and enact consistent collection policies so that assurances can be provided that the revenue base will materialize according to budgets and plans.
- C. **EQUITY** – The City will strive to maintain equity in the revenue system structure. That is, the City will seek to minimize or eliminate all forms for subsidization between entities, funds, services, utilities, and customers.
- D. **ADMINISTRATION** – The benefits of revenue will exceed the cost of producing the revenue. The cost of collection will be reviewed periodically for cost effectiveness as a part of the indirect cost of service analysis.
- E. **REVENUE ADEQUACY** – The City will require that there be a balance in the revenue system. That is, the revenue base will have the characteristics of fairness and willingness to pay, and ability to pay.
- F. **NON-RECURRING REVENUES** – One-time revenues will not be used for ongoing operations. Non-recurring revenues will be used only for non-recurring expenditures. Care will be taken not to use these revenues for budget balancing purposes.
- G. **PROPERTY TAXES** – Property shall be assessed at 100% of the fair market value as appraised by Dallas Central Appraisal District. Reappraisal and reassessment shall be done regularly as required by State law. A 98% collection rate will serve as a goal for tax collections, with a delinquency rate of 2.0% or less.
- H. **USER-BASED FEES** – For services associated with a user fee or charge, the direct and indirect costs of that service will be offset by a fee where possible. There will be periodic review of fees and charges to ensure that fees provide adequate coverage of costs of service.
- I. **ENTERPRISE FUND INTERFUND CHARGES** – Enterprise funds will pay the General Fund for direct services rendered. The Utilities Fund will pay the General Fund a 2.3% Franchise fee for use of right-of-way. The charges will be reviewed periodically through a cost of service analysis.
- J. **UTILITY RATES** - The City will review and adopt utility rates annually that will generate revenues required to fully cover operating expenditures, meet the legal restrictions of all applicable bond covenants, and provide for an adequate level of working capital needs.

- K. INTEREST INCOME** – Interest earned from investment of available monies, whether pooled or not, will be distributed to the funds in accordance with the operating and capital budgets which, wherever possible, will be in accordance with the equity balance of the fund from which monies were provided to be invested.
- L. REVENUE MONITORING** – Revenues actually received will be compared to budgeted revenues and variances will be investigated on a monthly basis.
- M. WATER AND SEWER ADJUSTMENTS DUE TO LEAKS** – Adjustments for individual customer request basis. When a customer requests such an adjustment, they must provide the utility department with a plumber’s statement or receipts, showing the repairs have been made and the date said repairs were done.

All water adjustments are done for the highest month only; any other “residual” usage will be the customer’s responsibility. With the repair statement submitted, consumption for the periods in question are looked at. The highest month is taken for adjustment. Consumption for the same time last year is looked at. That amount is taken out of the “consumption to be adjusted” and then divided in half. The concluded amount is adjusted as a dollar figure adjustment only. This is to retain the customer’s actual consumption history.

Sewer adjustment (During Winter Average) due to repair on water service: With the repair statement submitted, consumption for the periods in question are looked at. Consumption for the same time last year is looked at and that amount is taken out of the current consumption. All history on consumption for the winter period is adjusted as a consumption adjustment only. This is to properly bill the sewer service based on consumption history for water. *(If the adjustment has to be made after the first billing has already been printed, a dollar adjustment must also be done.)*

VII. EXPENDITURE CONTROL

- A. APPROPRIATIONS** – The level of budgetary control is the departmental level budget in the General Fund, and the fund level in all other funds. When budget adjustments (i.e., amendments) among departments and/or funds are necessary these must be approved by the City Council. Budget appropriation amendments at lower levels of control (i.e., budget adjustments within departmental accounts) shall be approved by the City Manager. Operating budget account deficiencies shall be corrected by budget adjustment on a periodic basis.
- B. CONTINGENCY RESERVE – Deleted on 9/3/2002**
- C. PURCHASING** – All purchases shall be made in accordance with current State of Texas Statutes regulating municipal purchasing and in accordance with the City’s purchasing policies as defined in the Purchasing Manual. Purchases and contracts

above the amount stated in the Local Government Code Subchapter B, Section 252.021 (a) must comply with the procedures prescribed by current State of Texas Statutes regulating municipal purchasing. and as outlined in the Purchasing Manual. Recommendations on purchases and contracts over the amount stated in the Local Government Code Subchapter B, Section 252.021 (a) will be presented to the City Council for their approval. Lease Purchase agreements will only be used to finance capital items with a purchase price of \$5,000 or more and a useful life of at least three years.

D. PROFESSIONAL SERVICES – Professional services will generally be processed through a request for proposal process, except for smaller contracts. Professional services contracts over the amount stated in the Local Government Code Subchapter B, Section 252.021 (a) will be presented to the City Council for their approval.

E. PROMPT PAYMENT– All payment terms shall be Net 30, and payments shall be made on approved invoices in accordance with the Texas Prompt Payment Act. Procedures will be used to take advantage of all purchase discounts where considered cost effective. However, payments will also be reasonably delayed in order to maximize the City's investable cash, where such delay does not violate the agreed upon payment terms.

F. ECONOMIC DEVELOPMENT EXPENDITURE – The City Manager's authority to purchase from any City Fund or Economic Development Fund is limited to purchase orders or contracts for budgeted items involving expenditures as set by state law or less. The Duncanville City Council must approve any expenditure greater than the amount authorized by state law.

G. CHANGE ORDERS –

(a.) If changes in plans or specifications are necessary after the performance of the contract is begun or if it is necessary to decrease or increase the quantity of work to be performed or of materials, equipment, or supplies to be furnished, the governing body of the municipality may approve change orders making the changes.

(b.) The total contract price may not be increased because of the changes unless additional money for increased costs is appropriated for that purpose from available funds or is provided for by the authorization of the issuance of time warrants.

(c.) If a change order involves a decrease or an increase of less than the amount stated in the Local Government Code Subchapter B, Section 252.048 (c), the Council grants the City Manager or his designated agent's general authority to approve the change orders.

(d.) The original contract price may not be increased under this section by more than 25 percent. (If the change order of 25% is greater than the amount stated in the Local Government Code Subchapter B, Section 252.021 (a), Council approval

would be necessary.) The original contract price may not be decreased under this section by more than 25 percent without the consent of the contractor.

VIII ASSET MANAGEMENT

- A. INVESTMENTS** – The City’s investment practices will be conducted in accordance with the City Council approved Investment Policies.
- B. CASH MANAGEMENT** – The City’s cash flow will be managed to maximize the cash available to invest.
- C. INVESTMENT PERFORMANCE** – At the end of each fiscal year and after the annual audit is received, a report on investment performance will be provided by the Finance Director to the City Manager for presentation to the City Council.
- D. FIXED ASSETS AND INVENTORY** – These assets will be reasonably safeguarded and properly accounted for, and prudently insured. The fixed asset inventory will be updated at least quarterly.

IX FINANCIAL CONDITION AND RESERVE

- A. NO OPERATING DEFICITS** – Current expenditures will be paid with current revenues. Deferrals, short-term loans, or one time sources will be avoided as budget balancing techniques.
- B. OPERATING RESERVES** – The General Fund, Enterprise Fund working capital and 4B Sales Tax Fund balances should be at least 16.67% of the budgeted expenditures. This percentage is the equivalent of 60 days’ expenditures. Capital and Asset Forfeiture expenditures are not included as expenditures in this calculation.
- C. RISK MANAGEMENT PROGRAM** - The City will aggressively pursue every opportunity to provide for the public’s and City employee’s safety and to manage its risks.
- D. LOSS FINANCING** – All reasonable options will be investigated to finance losses. Such options may include risk transfer, insurance, and risk retention. Where risk is retained, reserves will not be used for any purpose other than for financing losses. Every effort will be made to build and maintain a loss fund reserve equal to one year’s expected claims.

X DEBT MANAGEMENT

- A. LONG-TERM DEBT** – Long-term debt will not be used for operating purposes, and the life of the bonds will not exceed the useful life of the projects financed.

- B. SELF-SUPPORTING DEBT** – When appropriate, self-supporting revenues will pay debt service in lieu of tax revenues.
- C. RATINGS** – Full disclosure of operations will be made to the bond rating agencies. The City staff, with the assistance of financial advisors and bond counsels, will prepare the necessary materials for and presentation to the rating agencies.
- D. WATER AND WASTEWATER BOND COVERAGE RATIOS** – The City is required by bond covenants to maintain two coverage ratios: 1.25 times average annual debt service, and 1.1 times highest annual debt service.
- E. TAX REVENUE RATIO** – The Debt Service current fiscal year debt requirements shall not exceed 33 1/3% of the total revenue received from property tax and sales tax relief.
- F. TOTAL DEBT BURDEN** – The debt per capita should be within norms based on a survey of comparable cities with debt per capita not exceeding \$1,000; debt as a percent of the total taxable ad valorem base should not exceed 2.5% unless extraordinary circumstances exist.
- G. FEDERAL REQUIREMENTS** – The City will maintain procedures to comply with arbitrage rebate and other federal requirements. The City will attempt, within legal bounds, to adopt strategies which will minimize the arbitrage rebate of interest earnings on unspent bond proceeds it must pay to the federal government.
- H. DEBT SERVICES RESERVES – Deleted on 9/3/2002**
- I. DEBT STRUCTURING** – The City will issue bonds with an average life of 15 years or less. The structure should approximate level debt service unless operational matters dictate otherwise.
- J. COMPETITIVE BIDDING** – The City will use a competitive bidding process in the sale of bonds unless the nature of the issue warrants a negotiated bid. In situations where a competitive bidding process is not elected, the City will publicly present the reasons and the City will participate with the financial advisor in the selection of the underwriter or direct purchaser.
- K. BOND ISSUANCE ADVISORY FEES AND COSTS** – The City will be actively involved in the selection of all financial advisors, paying agents, and bond counsel. The City shall evaluate the merits of rotating professional advisors and consultants and the kinds of services and fee structures available from independent financial advisors, investment banking firms, and commercial banks. The City will carefully itemize and scrutinize all costs associated with the issuance of bonds.

XI ANNUAL REVIEW OF POLICIES

- A.** These policies will be reviewed administratively by the Finance Director and the City Manager at least annually, prior to preparation of the operating budget and will be presented to the City Council for approval of any significant changes.

SEPTEMBER 3, 2002

SEPTEMBER 2, 2003

BUDGET OVERVIEW

CITY OF DUNCANVILLE

BUDGET PROCESS OVERVIEW

The City budget is developed utilizing the modified zero-base budget method whereby departments justify line item activity budgets based on program goals and objectives for the coming year. The municipal operation is currently structured with 7 departments and 148 organizations/cost centers, which capture costs at the program level.

Budgets are prepared on a modified accrual accounting basis for the General and Debt Service Funds in accordance with generally accepted accounting principals. The Water and Sewer Fund budget and Fieldhouse budget is prepared on an accrual basis, except for capital outlays, which are budgeted expenses, and depreciation expense, which is not budgeted. Budgets for the Capital Project Funds are normally established on a project basis.

The City Charter names the City Manager or an appointed designee with responsibility for preparing and submitting the budget to the City Council prior to August 1 of each year. The City's Financial Policies outline the responsibility of budget preparation, planning, monitoring, and analysis. These policies were developed to guide the Finance Director and staff in all financial matters. With regard to the operating budget, the policies address the following areas:

Preparation - the budget is prepared with the cooperation of all City departments and is submitted to the City Manager who makes any necessary changes and transmits the document to the City Council.

Planning - the budget process is coordinated so as to identify major policy issues for City Council consideration in advance of the budget approval date so that proper decision analysis can be made. The vehicle to identify these issues is the five-year financial plan.

Monitoring & Reporting - monthly financial reports are prepared to enable the Department Managers to manage their budgets and to enable the Finance Department to monitor and control the budget.

Analysis - where appropriate, performance measures and productivity indicators are used as guidelines and reviewed for efficiency and effectiveness. This information will be included in the annual budget process.

The City prepares a multi-year financial plan for all major funds each year. These plans detail the five-year outlook for revenues and expenditures and project the financial position of the City for each year. This information is prepared early in the year and is used to set the stage for the upcoming budget year.

The City's formal budget process begins in March/April with meetings between each department and the City Manager and the Finance Department. The purpose of these meetings is to outline the budget environment and begin reviewing departmental budgets for any new or unusual items. Discussions include any changes in how each department functions or needs to function.

The annual budget is developed with goals and objectives in mind which ultimately translate into line item detail. Baseline revenue projections are prepared and discussed with departments. Preliminary property tax roll information is available in April/May and the projected final numbers are calculated. The final property tax revenue numbers are not available until the City receives the certified tax roll from Dallas County Appraisal District in late July. If the projected final numbers differ significantly from the certified tax roll information, adjustments may be necessary for expenditures.

The following steps generally outline the budget development process:

- Department goals and objectives for the coming year are discussed with the City Manager. Program enhancements and/or reductions are discussed as well.
- Baseline budgets detailing line item expenditures by organization and a departmental summary are submitted. The baseline budgets assume no new personnel, programs, or additional equipment. Inflationary adjustments are made to line items where appropriate and justified based on economic and other trend information. The line item activity budgets are submitted to Finance via MBudget (our budgeting software). These budgets detail current-year adopted and next-year (proposed) budgets. The departments are asked to complete a thorough review of current-year expenditures in conjunction with the proposed budget to ensure any anticipated increases are documented in either or both revised current-year and proposed budgets. Proposed budgets are supported with line item detail explaining the components, number of units, and unit cost where available.
- The City Manager, Assistant City Manager, Finance Director, and Personnel Administrator review revised and proposed budgets for accuracy in estimates and rationale. Current year and proposed revenue and expenditure summaries are prepared detailing the net result and change in fund balance along with five year projections.
- A series of meetings are then held with the department directors. The purpose of these meetings is to review current year expenditures, detail line item expenditures for each organization and to discuss program enhancement and reduction memos. Further direction is given to department directors to develop detailed enhancement and reduction packages for City Manager consideration. Concurrent with this step,

the Finance Department continues to update property tax and other revenue estimates.

- The City Manager prepares and submits all major fund budgets along with the five-year capital improvement program budgets. These budgets outline revised year-end revenues and expenditures, proposed revenues and expenditures, changes in fund balance, and available surplus funds. The proposed budget is presented to City Council for further consideration and direction. A work session is held to discuss the budget, the effective and proposed tax rate, utility and other rate or fee changes.
- The City Council holds a public hearing on the budget prior to final adoption. If the proposed rate exceeds the lower of the effective or rollback rate, two public hearings on the tax rate are required. The City Council adopts the budget appropriations ordinance, which includes the general, utility, interest & sinking(debt service) funds, internal service funds, the fieldhouse fund, the traffic safety and improvement fund, and the DCEDC fund; the ad valorem tax rate ordinance; and the water and sewer rate and other fee ordinances by a majority vote of all members of the Council. These ordinances must be adopted ten days prior to the beginning of the next fiscal year which begins October 1. The budget can be amended during the fiscal year through Council action.

47		Approval of 2015-16 Hotel & Motel Tax Budget and related grants	Tuesday, September 20, 2016	7:00 PM	K. Hugman, C. Smith, Executive Team, Council

FUND RELATIONSHIPS & STRUCTURE

The City's financial structure is organized on the fund or account group basis, each of which is considered to be a separate accounting entity. City resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following funds are maintained by the City and included in the budget document.

GOVERNMENTAL FUND TYPES

General Fund – accounts for the ordinary operations of the City, which are financed from taxes and other general revenues. It is used to account for all financial resources except those required to be accounted for in another fund by law or contractual agreement.

Special Revenue Fund – accounts for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Hotel Fund accounts for tax revenues received from local hotels and for expenditures made within the guidelines of the Texas Hotel Occupancy Tax Act. This fund type also includes additional ½ cent sales tax revenue to be used for Community and Economic Development purposes, as approved by voters in a special election held January 1995.

Debt Service Fund – accounts for the accumulation of resources for and the payment of general long-term debt principal, interest and related costs. The revenue source is principally ad valorem taxes levied by the City.

Capital Projects Funds – account for resources designated to construct or acquire capital facilities and improvements (other than those financed by the Proprietary Fund Types). Resources are derived principally from sales of general obligation bonds.

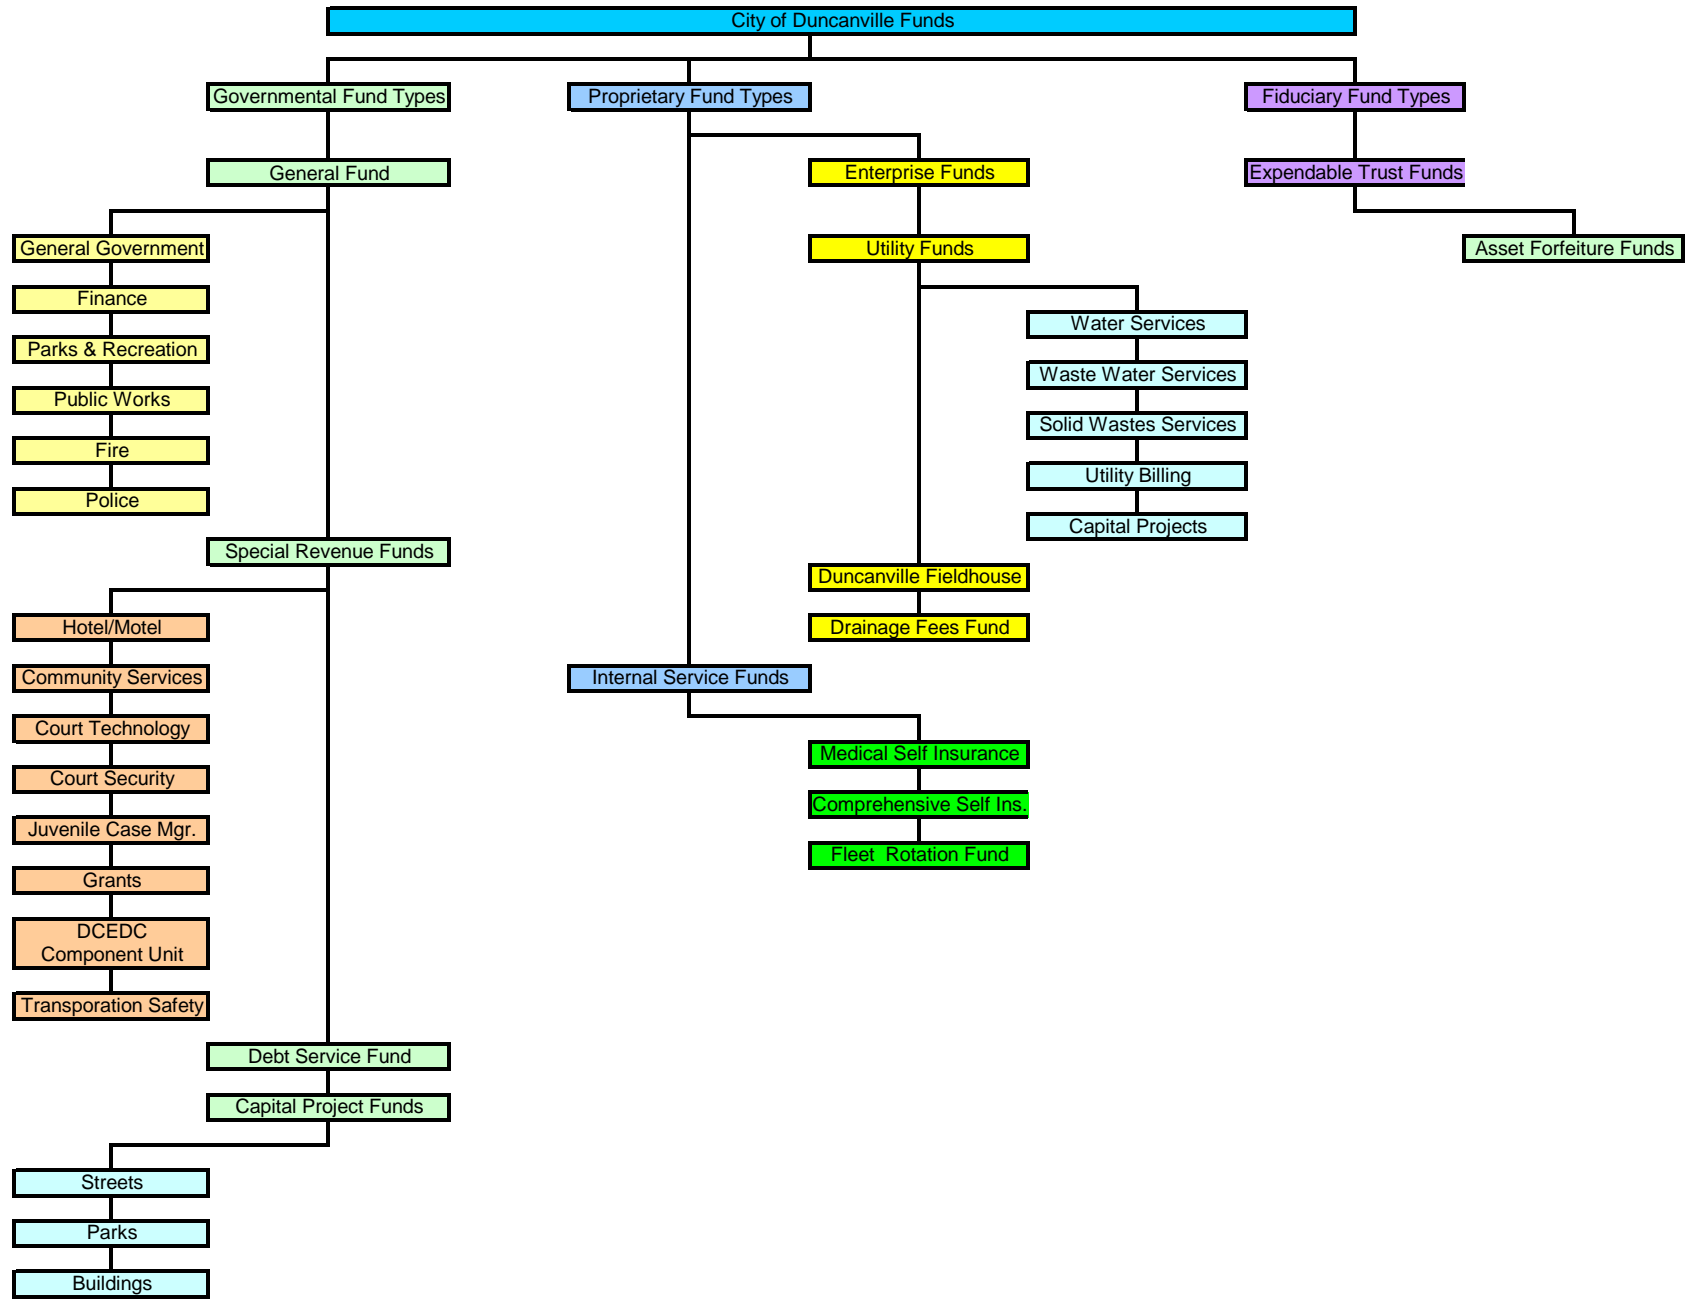

PROPRIETARY FUND TYPES

Enterprise Fund – accounts for the operations that provide water, wastewater and solid waste services to the public on a continuing basis. All or most of the costs involved are financed by user charges.

Internal Service Funds – account for the City's self-insurance programs with the related costs being recovered from the various departments of the City on a cost-reimbursement basis. This fund also includes capital replacement funds to account for acquisition, maintenance, and support of computer, hardware, software, motor and heavy equipment vehicles. The fund operations are financed by charges to user departments.

FIDUCIARY FUND TYPES

Expendable Trust Fund – accounts for awards of monies by the courts to the Police Department. The administration of this fund is legally restricted to the police, and the resources are to be used for police activity.

DIVISION SUMMARY

DEPARTMENT:
GENERAL GOVERNMENT

DIVISION:
MAYOR AND COUNCIL

PROGRAM DESCRIPTION

The City of Duncanville operates under a Council-Manager form of government. The City Council consists of seven members: a Mayor, councilmember elected at large and five councilmembers elected from single member districts. The City Council appoints the City Manager, the City Attorney, the Municipal Court Judges, and all Board and Commission members. The City Council sets policy and establishes all ordinances.

GOALS AND OBJECTIVES

City Council Mission Statement: Build a vibrant inclusive community driven by a commitment to democratic principle and service above self.

COUNCIL GOALS:

1. Most engaged citizens in America
2. Create high quality neighborhoods and parks
3. Be the basketball and sports tourism capital of Texas
4. Be the "edutainment" and recreation capital of Texas
5. Create multi-modal transportation alternatives
6. Preserve the historic Main Street area

5-BOLD STEPS:

1. Develop a "forward-thinking" FY 2020 Communication plan
2. Engage 6% of the population (2340) in conversations
3. Preserve the character of the 1940's and 1950's neighborhoods to ensure sustainable housing values for all citizens
4. Develop a marketing plan to brand Duncanville as the "City of Champions," including a national sports brand partnership
5. Develop a virtual reality park, including an I-Dome

DIVISION SUMMARY

DEPARTMENT:
GENERAL GOVERNMENT

DIVISION:
CITY SECRETARY

PROGRAM DESCRIPTION

The City Secretary's Office is responsible for recording, publishing, indexing, and maintaining City Council minutes, ordinances, resolutions and other legal documents of the City of Duncanville; preparing agenda packets for City Council meetings; administering elections; coordinating the Boards and Commissions application and appointment process; coordinating the City's Open Records Requests; and providing administrative support to the City Council and the City Manager's office. As the Records Management Officer, the City Secretary is responsible for updating the City's Records Management policy manual as needed, implementing record retention schedules, coordinating annual destruction of records, and maintaining "controlled" off-site storage. This office is also responsible for updating the City's Code of Ordinances on a semi-annual basis, providing articles as necessary for the City's monthly publication known as the "Champion" and quarterly newsletter the "Spotlight", as well as coordinating and/or assisting with numerous special events such as receptions, groundbreaking ceremonies, Boards and Commissions Banquet and the Employee Holiday Celebration.

GOALS AND OBJECTIVES

Administer all City elections in full compliance with the City Charter and the Texas Election Code.
 Administer the Records Management Policy and Procedures in accordance with State law.
 Provide accurate information in a timely manner to the public, City Council and staff.
 Identify and Implement a Cloud Based Agenda Management System to provide maximum Transparency to public, City Council and staff for all City Council and Boards and Commissions Agendas, Packets, and Minutes to support the City Council Capstone of Most Engaged Citizens in America.
 Create and maintain an attractive informational and educational area in City Hall Lobby to provide venue for City Departmental brochures and special events information to support the City Council Capstone of Most Engaged Citizens in America.
 Accurately prepare Council minutes and record/index legislative history within five (5) working days of final action.
 Update the Code of Ordinances on a semi-annual basis.
 Conduct a Boards & Commissions application and appointment process to support the City Council Capstone of Most Engaged Citizens in America.

DIVISION SUMMARY

DEPARTMENT:
GENERAL GOVERNMENT

DIVISION:
HUMAN RESOURCES

PROGRAM DESCRIPTION

The Human Resources Department provides services to all City departments in areas of recruitment, employee orientation, payroll, records maintenance, benefits administration, job classifications, information dissemination and Civil Service administration. In addition, this activity is responsible for various employee relations programs which include: training, workers compensation, group health, dental and life insurance, retirement, and unemployment compensation. Operations are administered by a Human Resources Manager and a one Full-Time Human Resources Generalist. Policy is determined by the City Manager.

GOALS AND OBJECTIVES

Continue to evaluate programs to benefit health insurance cost and coverage to the city and employees.
Implement a New Manager/Supervisor Training Program
Research recruiting techniques and trends in order to revise our advertising and hiring process

INFORMATION SYSTEMS

PROGRAM DESCRIPTION

The City of Duncanville's Department of Information Technology is dedicated to providing and supporting reliable technologies and technology-based services in a timely, high-quality, cost effective manner to all clients of City government. This environment must be managed in a way that ensures high levels of reliability and usefulness, while providing open access to information. The Information Technology Department will make available an appropriate information technology environment that provides each City employee and citizen the access, resources, and support that the City establishes as necessary to meet its mission.

GOALS AND OBJECTIVES

The Information Technology Department's goal is to provide continuous access to the Internet, support for in-use and new software, instruction in the use of information technology, and fostering a relationship of trust and dependability among all City departments and citizens alike. Pursuing those goals and meeting our objectives will place the City of Duncanville and the Information Technology department as a front runner in the use of advanced technologies allowing us to meet the demands for technological growth and the ever changing needs of the City and community as a whole.

Aligning IT with organization goals - Information Technology has become a vital component in every department's service delivery methods. As strategic plans are developed for each facet of City government, Information Technology will play a key role in ensuring the advancement of overall organizational goals. The adoption of new technology will be driven by this organizational need and the necessity to provide public service that is dramatically more effective.

Deliver appropriate technology - City government needs to exploit new technologies to improve service. Aligning IT with organizational goals will ensure that projects are performed to promote service. Appropriate technology allows us to develop, enhance, and manage the City's enterprise networks to provide high speed, transparent, and highly functional connectivity among all information resources.

Simplify technical working environment - The industry-wide technical environment is growing in breadth and complexity every day. Serving a diverse organization with multiple objectives can easily lead to the creation of separate islands of information technology. Standardization of the technical environment is essential in providing appropriate solutions and support allowing for improvement of processes to increase efficiencies, effectiveness, and customer satisfaction.

Increase useful service levels - Information Technology's role in the City government is to serve as internal consultants providing high-quality responsive service. The very nature of technology being a core component of each department's mission demands superior service and reliability. Attention will be given to the effective use of customer service methodologies to promote the effective use of technology.

Communication - Improve communication between the Information Technology department and others allowing the promotion of new uses for information technology within the City and to provide leadership for effective strategic and tactical planning in the use of technology.

Data collection - Information Technology will facilitate the collection, storage, security and integrity of electronic data while ensuring appropriate access. The department must maintain suitable protection of personal and other confidential information.

Technology life-cycle management - The Information Technology department will establish guidelines for the life-cycle management of all information technology resources adding the benefits of improved management of hardware assets through better knowledge of inventory, cost savings from standardizing equipment and controlling when, what, and how technology is purchased, and reductions in the technical support costs for troubleshooting and maintenance.

DIVISION SUMMARY

DEPARTMENT:
GENERAL GOVERNMENT

DIVISION:
COMMUNITY INFORMATION OFFICE

PROGRAM DESCRIPTION

The Community Information Office serves as a strategic partner to all departments within the City with the primary purpose of communicating the City's message to its citizens and the public in general. To accomplish this, the Department utilizes multiple communication tools including website postings, print publications, email marketing, video production, and print/broadcast media.

The Department is staffed with a Public Information Officer (PIO) who is responsible for developing and executing the following tasks: production and execution of the City's newsletter, the Champion, updates to the City Website, periodic email blast correspondence, promotion of City events and announcements, and serves as the Staff Liaison for the Duncanville Community Multicultural Commission. In addition, the PIO plays an essential role in Emergency Operations, responsible for providing the public with accurate, timely, and consistent information in an emergency.

The PIO is also responsible for maintaining ongoing, active relationships with the news media by being accessible and providing prompt and good quality information through the dissemination of news releases, posting content to electronic channels and acting as an on-call media liaison and/or spokesperson for all City departments including Fire and Police Departments. Furthermore, the PIO may serve as a speaker at public and civic organization meetings and at neighborhood associations meetings.

Under the direction of the City Manager, the PIO assists with the development of marketing materials for the City and its programs. The PIO is responsible for the broadcasting of City Council meetings and programming of the cable government access channel. In the absence of the Information Systems Technician, the PIO records and broadcasts City Council meetings on Duncanville Government TV. Lastly, the PIO assists other departments and public officials in preparing and executing public presentations and programs. Translation of official notices and other marketing materials are also managed under the Community Information Office.

GOALS AND OBJECTIVES

- Timely and effective posting of City information on the City Website; monitor other department's pages to assure information is current and effectively communicated.
- Design and produce quality publications and materials that effectively communicate Duncanville's message.
- Ensure the timely production of the City newsletter; seeks innovative ideas to enhance the reader's experience.
- Disseminate information and news releases to the media and public in a timely manner.
- Respond to media inquiries in a timely manner, providing precise information.
- Foster media relationships with all media representatives.
- Enhance Duncanville Government TV programming by working with all City departments to develop PSAs and educational programs.
- Implement initiatives and programs of the Duncanville Community Multicultural Commission.
- Distribute/develop email blasts, as needed, to promote City news and programs.
- Increase newsletter subscription numbers.
- Be prepared to effectively carry out emergency response communication efforts.
- Seek innovative ideas to increase Duncanville Government TV Programming.

DIVISION:
PUBLIC LIBRARY

PROGRAM DESCRIPTION

The Public Library exists for the benefit of individuals, families, and organizations in the community, with the aims of enriching lives, stimulating imagination, and nurturing a sense of community in the city. It also fuels economic vitality by partnering with and supporting the informational needs of local jobseekers small businesses, and entrepreneurs. It offers a wide range of services and programs for all ages and audiences, provides a community space for study and collaboration, and curates a broad collection of material and digital information resources for educational and recreational use.

GOALS AND OBJECTIVES

FY16:

- Increase number of adult- or general-audience events by 20%
- Increase number of attendees at adult- or general-audience events by 20%
- Increase number of attendees at youth-oriented events by 50%
- Increase volunteerism by 40% (measured by hours of service contributed)
- Begin capturing outcome/effectiveness measures for library events/programs, on which to base goals for future years
- Begin collecting statistics related to internal efficiencies and customer satisfaction/complaints, on which to base goals for future years

FY17:

- Increase number of youth-oriented events by 10%
- Increase number of attendees at youth-oriented events by 10%
- Increase in-person visits by 10%
- Increase number of computer sessions by 10%
- Increase total circulation (checkouts and renewals, analog and digital) to 120,000 transactions/year
- Reduce turnaround time for materials processing and cataloging to 72 hours (from loading dock to shelf)

FINANCE ADMINISTRATION

PROGRAM DESCRIPTION

The Finance Administration Department oversees all of the fiscal activities of the City. The department is responsible for maintaining a governmental accounting and budgeting system that provides full disclosure of accurate financial information to both external users and internal management. The department's core functions include accounts payable, accounts receivable, budgeting and financial reporting which includes preparation of the CAFR (Comprehensive Annual Financial Report). Other direct responsibilities include investments & cash management, debt issuance, financial policies and long range planning, administration of the City's insurance programs, budget development and coordination, annual audit preparation, rate and user fee review, banking and other special projects.

GOALS AND OBJECTIVES

Receive the Certificate of Achievement in Financial Reporting for the Comprehensive Annual Financial Report.
 Receive the Texas Comptroller Gold Leadership Circle Award for financial transparency.
 Maintain current service levels while further automating processes.
 Main, monitor, and safeguard City's assets.
 Continue staff, professional and technical development.

MUNICIPAL COURT

PROGRAM DESCRIPTION

To process and adjudicate Class C misdemeanor and Code of Ordinance cases accurately and efficiently. Provide court proceedings to ensure the rights of all individuals. Assist the public in a courteous and fair manner, all while providing the highest standards of quality service. The Court Clerk's Office is responsible for all administrative and clerical duties of the court, including: importing citations into the Municipal Court System on a daily basis, processing Driving Safety Course, Deferred Disposition and Payment Plans.

Municipal Court Class C misdemeanors include Transportation Code, Education Code, Penal Code, Health and Safety Code, Alcoholic Beverage Code and all Ordinances within the territorial limits City of Duncanville.

The Judge of the Municipal Court is responsible for all judicial functions of the court and performs various magisterial functions for the police department for issuance of search warrants, emergency protective orders, adult arraignments, and issuance of Class B and Class A misdemeanor and felony warrants.

GOALS AND OBJECTIVES

- Provide defendants with timely resolution of cases while maintaining public trust.
- Provide unbiased quality customer service and accurate information in an efficient and professional manner.
- Prepare warrants on outstanding violations within the Duncanville Municipal Court.
- Attend yearly training conferences and webinars to maintain certification levels I and II and keep current with Legislative Updates, Case Law Statutes, Attorney General Opinions and duties of the clerks.

PURCHASING

PROGRAM DESCRIPTION

The Purchasing Division develops policies, programs and procedures for the acquisition of goods and services in accordance with municipal and statutory law. The Purchasing Division coordinates the purchase of like items between the various City departments in an effort to take advantage of volume pricing and to comply with state statutes. This activity also prepares and tabulates bids; solicits and receives quotes; processes requisitions, purchase orders, and request for bids; establishes annual contracts, administers Citywide PCard and Travel card programs, manages the citywide property foreclosure acquisition and disposition process and manages the Duncanville Urban Land Bank Authority. Purchasing activities of departments are monitored to assure compliance with State laws and City policies. The Purchasing Manager oversees the various purchasing activities and establishes procedures to facilitate good purchasing practices and manages to achieve the most efficient disposal and sale of Citywide Surplus Property.

GOALS AND OBJECTIVES

Coordinate and process the purchase of goods, materials and services necessary for City operations in an efficient and economical manner.

Maintain the participation in Cooperative Purchasing Agreements with other entities.

Maintain and support the City's "paperless" electronic requisitioning system.

Maintain and support the City's "paperless" electronic Purchase Order issuance system.

Implement and manage the Duncanville Urban Land Bank Authority.

Provide purchasing education training to new employees within 90 days of employment.

Continue purchasing education training program.

CITY MARSHAL

PROGRAM DESCRIPTION

The City Marshals have the responsibility to execute misdemeanor warrants, serve legal processes and perform duties as Court Bailiff's of the Duncanville Municipal Court. Also, the Marshals are responsible for researching and locating individuals with outstanding warrants and having knowledge of criminal and traffic law and procedures. Other duties include providing security for the Municipal Court and City Hall facility, oversee and maintain the building's CCTV system as well as the employee access badging system. The Marshals transport the daily City bank deposits to the bank and warrant retrieval from the SWRCC office in Desoto.

GOALS AND OBJECTIVES

Research, budget and implement a license plate recognition system.
 Update City Security Systems by incorporating all individual badging and security systems into one centralized system.
 Create a Marshal activity system that would provide the city with current and real-time statistics related to City Marshal's activities and functions.

UTILITIES

UTILITY BILLING

PROGRAM DESCRIPTION

The Utility Billing Department is responsible for the accurate billing and collection of related water, sewer, drainage and garbage fees for customers within the City of Duncanville. Our commitment will be to compile meter readings based on scheduled readings of all city water meters; as well as proper registration of all meters; issue work orders for proper re-check of meter discrepancies and to process service orders to connect and disconnect water utility customers. The Department will prepare and have weekly billing statements mailed to over 12,000 water utility bill accounts. The fees collected will be processed and posted thru various forms of payments to our customers accounts. The various payment options available to our customers are: online payments through our website, bank draft, payments mailed to our lockbox location in Dallas , Texas; electronic ACH payments through the customers banking institution; in person or over the phone with our new IVR system. The department also monitors and collects on delinquent accounts, return checks, deposits, bad debt and the managing of all utility billing collections and/or related database and software.

The Utility Billing Department also provide other services to our citizens such as new Toll tag sales for the NTTA division of NorthTexas.

GOALS AND OBJECTIVES

Establish and maintain a phenomenal team of professionals who will strive continuously to improve the level of customer service given to the citizens of Duncanville.

Recover revenues that may otherwise be lost through a more stringent collections program.

Provide a managed monthly timeline of our meter change out program, that will ensure the program is working effectively.

Continue to establish departmental procedures and training criteria for end users of the utility databases, hardware, equipment, network software, and the department's billing software.

Obtain the proper training and execution of the new web based banner system 4.3.

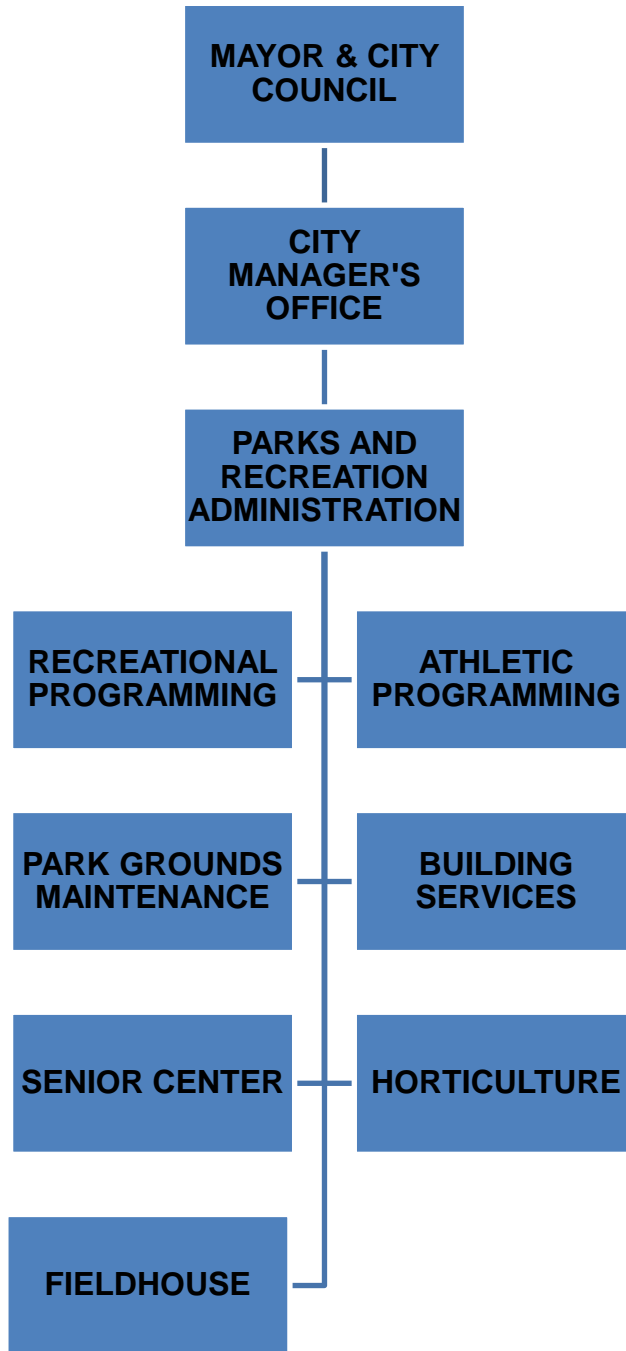

Maintain and manage the Utility Accounting website and online payment system.

DIVISION SUMMARY

DEPARTMENT:
PARKS AND RECREATION

DIVISION:
RECREATIONAL PROGRAMMING

PROGRAM DESCRIPTION

Recreation Programming provides classes, programs, and special events for the community and citizens of Duncanville and surrounding areas. These programs take place at the Recreation Center, Senior Center, parks, and other facilities such as the Duncanville Fieldhouse. The Recreation Center provides programs and services for all age groups and contains a teen room, fitness area, game room, aerobics room, kitchen, two gymnasiums, walking track, conference room, and three (3) meeting rooms. Programs are promoted through brochures, fliers, Duncanville Champion, cable TV, public speaking, City webpage, and newspapers. All room/pavilion rentals and program registrations are taken through the Recreation Center. This division serves as the liaison with all adult/youth sport associations, which include: fee collection, and facility schedules.

GOALS AND OBJECTIVES

Establish 5 new recreation classes/programs for children, 5 new classes/programs for adults, and 2 new classes/programs for special populations. Develop an email group for all members, and staff that we can send weekly or monthly updates on the Recreation Center. Increase memberships, including daily passes, by 5%. Continue and update positive training module for all staff to improve customer services at the Recreation Center. Continue to advertise new and existing classes/programs through the Program Guide that will be completed in the winter, summer, and fall. Continue to monitor customer satisfaction of programs and facilities through surveys and evaluation forms.

DIVISION SUMMARY

DEPARTMENT:
PARKS AND RECREATION

DIVISION:
ATHLETIC PROGRAMMING

PROGRAM DESCRIPTION

The Athletic Programming Activity, supervised by the Parks Services Manager, is responsible for selecting, training, assigning, supervising, and evaluating Athletic maintenance staff. This activity prepares athletic fields based on schedules of facilities (practices, games, and tournaments), inspects fields for safety and playability, approves rental of facilities, coordinates facility use with youth associations and the Duncanville Independent School District, purchases supplies, and oversees light repairs with the assistance of the Recreation Superintendent. Athletic maintenance staff also assist with Special Events.

GOALS AND OBJECTIVES

Provide the highest level of athletic field maintenance standards possible for citizens and guests of Duncanville by providing trained, helpful, friendly, professional Athletic maintenance staff.
 Continue to train and educate staff on all aspects of maintenance, safety practices, techniques enhancing maintenance quality and productivity.
 Develop a "Can Do" attitude with staff on providing support for special events and special requests.
 Provide the citizens and guests of Duncanville with safe, quality athletic facilities.
 Work with youth sport associations in coordinating fields for practices, games, and tournaments.

DIVISION SUMMARY

DEPARTMENT:
PARKS AND RECREATION

DIVISION:
HORTICULTURE

PROGRAM DESCRIPTION

The Horticulturist/Field Supervisor is responsible for the design, planting and maintenance of all planter beds and landscaping located in parks, medians, City-owned property and water lots for the benefit and enjoyment of the public. Landscaped medians and other areas are designed and maintained for the ultimate "curb appeal" possible and to provide a positive impression of the City. The department cares for annuals, perennials, shrubs and trees which includes maintaining a proper bed and soil environment for optimal growing conditions. The Horticulturist assists the Parks Superintendent with city-wide improvements such as landscaping design and installation for 4B funded projects and other capital improvement projects.

GOALS AND OBJECTIVES

Provide the highest level of horticultural maintenance standards possible for citizens and guests of Duncanville by providing trained, helpful, friendly, professional horticultural maintenance staff.

Continue to train and educate staff on all aspects of maintenance, safety practices, techniques enhancing maintenance quality and productivity.

Develop a "Can Do" attitude with staff on providing support for special events and special requests.

Increase the amount of perennials planted per bed while minimizing plant replacements through proper pesticide applications and irrigation schedules.

Plant and maintain seasonal color beds for maximum curb appeal.

Inspect all city planter beds every 2 weeks.

DIVISION SUMMARY

DEPARTMENT:
PARKS AND RECREATION

DIVISION:
PARKS AND GROUNDS MAINTENANCE

PROGRAM DESCRIPTION

The Parks and Grounds Maintenance Activity is responsible for the upkeep of the City's parks and open spaces in a safe, clean and aesthetically pleasing condition for the maximum use and enjoyment of the public. Landscaped medians and other areas are maintained for the best "curb appeal" to give a favorable impression of the City. Property under the department's activity includes park land, City-owned lots, roadway medians and right of ways, municipal building grounds and water utility lots. The department inspects and maintains playgrounds including Kidsville for maximum safety, maintains turf, sprays for insects and weeds, performs litter control, repairs irrigation, cares for trees and shrubs and performs numerous other park and landscape maintenance duties. Parks staff also assists with Special Events. The division also assists with community improvement projects such as 4B funded mowing, landscaping and capital projects.

GOALS AND OBJECTIVES

Provide the highest level of park maintenance standards possible for citizens and guests of Duncanville by providing trained, helpful, friendly, professional Parks maintenance staff.

Continue to train and educate staff on all aspects of maintenance, safety practices, techniques enhancing maintenance quality and productivity.

Develop a "Can Do" attitude with staff on providing support for special events and special requests.

Enhance level of customer service to citizens through personal interaction and follow through that provides quicker responses and providing accurate information in a timely fashion.

Apply pesticides and fertilizers for maximum effectiveness with minimal damage.

Supervise contract mowing & arboriological services for compliance and scheduled frequencies.

Enhance park amenities through scheduled routine inspections & repairs.

SENIOR CENTER

PROGRAM DESCRIPTION

Hopkins Senior Activity Center's Mission Statement is: "Providing opportunities for older adults to continue being active and vital participants in their community". The senior center uses the Wellness Model of providing opportunities that support intellectual, physical, spiritual, financial, leisure and social well-being. A variety of classes and activities are scheduled to meet these needs. Special events are planned for each month, and trips to local sites of interest are enjoyed twice each month. Community resources are invited to come in and present programs of interest to older adults. And, we serve a nutritious lunch each day in partnership with the Dallas Area Agency on Aging. The senior center is also available for rentals.

GOALS AND OBJECTIVES

Increase senior citizen participation to an average of 100 participants per day.
 Recruit, train and monitor senior center volunteers.
 Conduct 12 special events a year.
 Assist with city-wide special events.
 Staff and supervise senior center weekend rentals.
 Add 4 new activities to existing program.
 Manage reporting requirement for DAAA nutrition program.

SPECIAL SERVICES

PROGRAM DESCRIPTION

The Special Services Activity encompasses Training/Personnel, Internal Affairs, and Special Events planning. The sergeant assigned to Special Services is responsible for part-time work coordination and special events coordination, as well as other special assignments at the direction of the Chief. This activity is responsible for administering civil service exams, conducting background investigations on applicants, ensuring compliance with state-mandated training for sworn personnel, and recruitment strategies. The Special Services Sergeant also investigates administrative complaints against police department employees.

GOALS AND OBJECTIVES

Have 100% of newly hired officers graduate from the academy.
 Have 100% of sworn personnel complete annual state-mandated training.
 Have 100% of academy graduates complete field training.
 Administer at least one civil service exam.
 Process and prepare for hire three officer candidates.

DIVISION SUMMARY

DEPARTMENT: POLICE	DIVISION: PATROL
------------------------------	----------------------------

PROGRAM DESCRIPTION

The Patrol Division provides service 24 hours a day, seven days a week, 365 days a year as first responders to requests for police service. Its mission is the prevention of crime, protection of life and property, preservation of peace, order and safety, the enforcement of laws and ordinances, enhancing the quality of life for the community, providing excellence in customer service, and the execution of warrants. The patrol division philosophy and organizational strategy allows the division and the community to work closely together in new ways to solve crimes and problems that affect the community. a primary focus of the Patrol Division is to develop internal and external partnerships encouraging innovative problem solving. The patrol Division methodology incorporates traditional and non-traditional enforcement, employee empowerment, community participation, and partnership.

GOALS AND OBJECTIVES

Conduct active shooter training for all sworn personnel.
 Transition 3 new recruits through Field training Program.
 Utilize Deployment personnel to address emerging trends and hotspot locations.

CRIMINAL INVESTIGATION

PROGRAM DESCRIPTION

The Criminal Investigation Activity is responsible for the investigation of all criminal activity occurring in the City. Detectives follow-up on offense reports generated by the Patrol Division to detect and arrest offenders based upon subsequent investigation. This activity is responsible for filing the appropriate paperwork with the County DA. Detectives are responsible for the prosecution of criminal cases, recovery of stolen property, youth related crimes, runaways, missing persons, family violence, vice and narcotics activity, and monitoring of registered sex offenders. Investigators gather and disseminate intelligence information, process crime scenes, compare latent prints and collect evidence. Investigators benefit from other investigative agencies' efforts and intelligence to similarly assist these units as mentioned above. Investigators also serve a special role in crime prevention programs, such as the Citizens Police Academy.

GOALS AND OBJECTIVES

Send every detective to at least one training class in their area of specialization.
 Conduct at least one sex offender compliance operation.
 Contact all complainants within 48 hours after receiving the offense report.
 Conduct three alcohol/tobacco compliance checks.

DIVISION SUMMARY

DEPARTMENT: POLICE	DIVISION: ANIMAL CONTROL
------------------------------	------------------------------------

PROGRAM DESCRIPTION

The Animal Control Activity is responsible for impounding animals at large, quarantining animals which have bitten people, disposing of dead animals for the Tri-City Animal Shelter, setting traps for feral cats and wild animals, investigating animal cruelty and animal welfare complaints, and preparing and shipping suspected rabies specimens. This operation is staffed 7 days a week, and is available 24 hours a day on an emergency callout basis.

GOALS AND OBJECTIVES

Maintain zero confirmed rabies cases in the City.
 Have at least one ACO attend the Texas Animal Control Association training conference.
 Have each ACO recertified in state-mandated training.

DIVISION:
CRIME PREVENTION

PROGRAM DESCRIPTION

The Crime Prevention Activity is responsible for educating the general citizenry in the cause of public safety, and for encouraging positive police and citizen relations. Public safety is encouraged through conducting crime prevention surveys and organizing crime prevention activities such as Neighborhood Crimewatch, Citizens on Patrol and National Night Out. Community Relations are fostered through such as Citizens Police Academy, Santa cop, and Special Olympics. This activity is visible throughout the community conducting lectures and presentations for various civic organizations and groups. This activity also develops and coordinates volunteers for service to the city.

GOALS AND OBJECTIVES

Increase Nextdoor Program participation by 5%.
 Provide monthly crime prevention articles for Champion newsletter.
 Provide monthly crime prevention information to citizens via monitor in police lobby.
 Provide crime prevention tips and trends on social media.
 Educate senior citizens on how to avoid becoming a victim.
 Increase the number of direct alarm monitoring customers by 5%.

DIVISION SUMMARY

DEPARTMENT:	DIVISION:
POLICE	RECORDS

PROGRAM DESCRIPTION

The Records Activity is responsible for the assembly, classification, management and dissemination of reports, documents, and electronic data reflecting the official activity of the police department. It serves as the official memory of the police department, providing readily available information for documentation, investigation, prosecution, statistical analysis and public record. The activity enters data into integrated databases that serve the various divisions of the Police Department. Based on the data entered into automated systems, the activity also produces various reports required or desired by federal, state and local officials and the general public. Document and data security, retention, destruction and validation of NCIC entries, Public Information Act compliance and response to subpoenas for department documents are within the responsibility for this activity. This unit also greets the public and accepts and balances monies paid to satisfy required fees. Records is also responsible for entering traffic accident reports into RMS as well as uploading them to a publicly accessible database. This activity also includes funding for Duncanville's share of the Southwest Regional Communication Center.

GOALS AND OBJECTIVES

Send one full-time clerk to Public Information Act update training.
 Continue to process public information requests within two working days.
 Send one full time Clerk to UCR training.

DETENTION SERVICES

PROGRAM DESCRIPTION

The Detention Services Activity is comprised of civilian Public Service Officers (PSOs). Their primary function is the operation of the holding facility 24 hours a day, 365 days a year. PSOs are responsible for booking, releasing, feeding and maintaining the safety of detainees. Additionally, PSOs accept payment of bond fees and assist the judges with arraignments. They are also responsible for acquiring jail supplies and cleaning jail bedding.

GOALS AND OBJECTIVES

Maintain zero detainee suicides.

DIVISION SUMMARY

DEPARTMENT:
PUBLIC WORKS

DIVISION:
BUILDING INSPECTIONS

PROGRAM DESCRIPTION

The Permit and Inspection Services Department consists of three basic units: Building Inspection, Code Enforcement and Health Inspection.

BUILDING INSPECTION reviews permit applications for building construction to ensure compliance with structural, electrical, plumbing, mechanical and zoning requirements. Other duties include issuance of moving, building demolition and garage sale permits, as well as Certificates of Occupancy.

The **CODE ENFORCEMENT** unit is charged with education on and enforcement of the City's nuisance, sign, apartment complex and substandard building regulations. This unit also writes and prepares new and revised ordinances for council consideration.

GOALS AND OBJECTIVES

BUILDING INSPECTION:

Make requested building inspections within twenty-four (24) hours (one business day). Review building permit applications and issue permits within two weeks (for residential projects) or three weeks (for commercial projects).

CODE ENFORCEMENT:

Respond to complaints within twenty-four (24) hours and take enforcement action on violations within 48 hours. Perform apartment complex inspections annually.

HEALTH INSPECTION:

Complete all food establishment inspections according to the state risk assessment guidelines.

Identify and require permits for all public and semi-public swimming pools.

Identify and require permits for all child day care facilities.

Respond to food-related complaints within twenty-four (24) hours.

Respond to mosquito-related complaints within twenty-four (24) hours.

DIVISION SUMMARY

DEPARTMENT: PUBLIC WORKS	DIVISION: STREET MAINTENANCE
------------------------------------	--

PROGRAM DESCRIPTION

The Street Activity is responsible for the maintenance and repair of city streets, alleys, and drainage. This activity is also responsible for providing commercial utility cut inspections, curb cuts, ice control of bridges and signalized intersections, barricading of high water areas, and cleaning of thoroughfares, drainage structures, and inlets.

GOALS AND OBJECTIVES

Initiate a work order within 48 hours of service request. Schedule pothole repair within 72 hours of discovery or notification. Schedule street repair within 72 hours of failure notification. Remove obstructions from headwalls, inlets, and other storm water facilities following every rain to ensure unrestricted flow of water. Seal cracks in streets scheduled for overlay. Sweep identified thoroughfares by contract six times per year. Installation of barrier-free ramps with associated projects and upon request.

SIGNS AND SIGNALIZATION

PROGRAM DESCRIPTION

The Traffic Operations department is responsible for the installation and maintenance of all City of Duncanville traffic operations. This includes City signage, City signalized intersections, City school zone flashers, City pavement markings, and the City's Traffic Information Technology infrastructure.

GOALS AND OBJECTIVES

- Operate and maintain an advanced traffic management system (ATMS).
- Fabricate and install city signage.
- Maintain traffic signal and school zone flasher operations.
- Maintain pavement markings. This includes thermoplastic, buttons, and striping.

DIVISION:
EQUIPMENT SERVICES

PROGRAM DESCRIPTION

The Equipment Services Activity is responsible for the maintenance and repair of City-owned vehicles and equipment. This function is performed by scheduling and conducting routine preventive maintenance and repairs as required on City vehicles and equipment. Other responsibilities include the fueling station, wrecker/auto pound operation, developing specifications on vehicles/equipment, providing guidelines and recommendations on the Fleet Replacement Fund, coordinating vehicle and equipment auctions, and performing routine inspections on City generators.

GOALS AND OBJECTIVES

Schedule and perform routine preventative maintenance on vehicles and equipment (including generators).
 Repair vehicles and equipment in a timely, safe, cost-effective manner.
 Maintain equipment to appropriate standards such as yearly state inspections for all vehicles, DOT inspections for heavy trucks, and NFPA standards for fire equipment.
 Maintain fueling station to meet TCEQ requirements.
 Utilize fleet software program as a recordkeeping and decision-making tool.
 Develop specifications, order new vehicles and equipment, and make-ready for service.

DIVISION:
UTILITIES ADMINISTRATION

PROGRAM DESCRIPTION

The Public Works Administration Activity is responsible for the administration and general management of the day-to-day operational activities associated with Water and Wastewater Services, Engineering and Planning, Street and Drainage Operations, Fleet Operations, and Building Inspections and Code Enforcement. The Director coordinates the development of infrastructure improvements and prepares long-range plans for capital improvements. The Director serves as a staff liaison to the Texas Department of Transportation, North Central Texas Council of Governments, Dallas County, area cities, and the Trinity River Authority and City of Dallas Water Utilities to coordinate the City's participation in Regional Water and Wastewater programs.

GOALS AND OBJECTIVES

Maintain water Rate of Flow controller setting at 9.5 MGD.
 Improve the efficiency of the sanitary sewer system by identifying and repairing high infiltration areas utilizing I&I studies and wastewater flow monitoring.
 Continue aggressive sanitary sewer cleaning, increasing the flow within the City's wastewater system.
 Identify and reduce the amount of unbilled water by replacing old leaking mains.

WATER SERVICES

PROGRAM DESCRIPTION

Water Services for the City of Duncanville is responsible for providing up to (9 MGD) of treated surface water from the City of Dallas. Our mission is to provide this quality service with the least disruption to our community. The water shall be potable and at a adequate pressure for fire protection. Water Services is also responsible for the operation and maintenance of more than 189.5 miles of water mains; 14,729 water service lines and meters; more than 87.035 miles of service lines; 1,408 fire hydrants; 3 pump stations (28,500 GPM capacity); 4 ground storage tanks (14.5 MG); and 3 elevated storage tanks (3.0 MG). Operational functions also include water quality, service lines, meter installations and cross connection/backflow program.

GOALS AND OBJECTIVES

Continue a proactive Leak, Locate and Repair Program by locating leaks using the leak detector to systematically identify and repair leaking water lines.

Continue the Valve Exercise Program by exercising valves to insure they operate properly and allow isolation of areas when repairs are needed.

Replace all 1 1/2" and larger meters more than 20 years old, for increased flow measurement accuracy.

Identify areas where additional fire hydrants and valves are needed.

Continue a Uni-directional Flushing program (UDF) to improve water quality, and increased disinfection residuals.

Continue color coding fire hydrants (based on line size) and marking curbs/streets to identify valves and manholes.

Initiate boosting the chloramines by injecting chlorine and ammonia at selected pump stations to provided additional water quality.

DIVISION:
WASTEWATER SERVICES

PROGRAM DESCRIPTION

The Wastewater Services for the City of Duncanville is responsible for providing 24 hours per day of continuous and uninterrupted wastewater collection services for the City's domestic and industrial customers that are connected to the sanitary sewer collection system. The collection system consists of more than 153.67 miles of sewer main collection lines; 1,747 manholes; 10,153 customers.. Operational functions include total wastewater collection system maintenance and repairs for the collection systems main lines, lateral extensions (line between the main and customer tie-in) and one sewer lift station .

GOALS AND OBJECTIVES

Continuation of the Infiltration/Inflow (I&I) Program by locating infiltration and inflow problems in sanitary sewer lines.
 Rehabilitate identified manholes throughout the City to reduce inflow and infiltration in manholes.
 Identification of problems in the collection system by televising the sanitary sewer lines.
 Perform main line and lateral point repairs as identified by proactive inspection, televising and responding to reported problems.
 Mechanically clean the sewer mains to prevent grease and root restrictions and reduce sanitary sewer overflows (SSO).
 Replace lateral lines from tap to connection and install City side clean outs at identified problem locations.

SOLID WASTE

PROGRAM DESCRIPTION

The Solid Waste Activity is responsible for the planning, organizing, and general supervision of sanitation collection and disposal, recycling, brush collection operations, annual cleanups, e-waste, and household hazardous waste collections. This activity also manages complaints regarding the various operations in solid waste services.

GOALS AND OBJECTIVES

Provide garbage collection and disposal services to Duncanville residents and businesses.
 Provide brush collection service and deliver to a mulching facility for Duncanville residents to reduce cost and the waste stream to the landfill.
 Provide recycling collection with a goal of reducing the waste stream to the landfill by five (5) percent.
 Participate with Dallas County to provide residents a proper means to dispose of Household Hazardous Waste (HHW).
 Provide 2 annual cleanup days to Duncanville residents.
 Provide residents with 2 electronic (e-waste) collection event.
 Provide the appearance of a vibrant, environmentally healthy and economically viable community

FIRE

FIRE ADMINISTRATION

PROGRAM DESCRIPTION

The Duncanville Fire Department's primary mission is to protect the lives and property of the citizens, businesses, and visitors of Duncanville. The Department may be called on to handle anything from local emergencies to major disasters. The Department is a professional organization continually seeking opportunities to serve and engage our community with outstanding customer service. This is accomplished through the delivery of excellent patient care by emergency medical services, Emergency Management, fire suppression operations, and fire prevention through inspections and public education. Fire Administration is responsible for the general supervision of all departmental activities by providing direction and leadership. Responsibilities include planning, budgeting, coordinating, directing and evaluating for effectiveness within the Duncanville Fire Department. Fire Administration consists of the Fire Chief, Assistant Fire Chief, and an Executive Assistant.

GOALS AND OBJECTIVES

The overall goal of the Fire Department is to provide a quality community fire defense and emergency services system.

Maintain an emergency medical service program consistent with a high quality of life.

Effectively utilize resources to maintain a safe environment to protect life and property based upon standards.

Provide the community with an array of services that educate citizens and businesses on preventative measures, code enforcement, and personal and environmental safety in a community partnership.

Subscribe to the principles of education, enforcement, and extinguishment to mitigate existing and emerging fire problems.

Meet the needs of a changing population, demographics, and economic factors through periodic internal and external assessments.

Promote a highly motivated and well trained workforce.

Foster a culture that emphasizes and enhances employee health and safety.

Recognize and scale to changing budgetary, fiscal, and regulatory conditions.

Review and maintain Automatic Assistance Agreements with Dallas, Cedar Hill and Desoto.

Review Dallas County Mutual Aid Agreements with Dallas Fire Department and the Best Southwest communities.

Ensure compliance with the Texas Commission on Fire Protection and the Department of State Health Services requirements and guidelines by reviewing all certifications and policies.

Analyze all Standard Operating Guidelines (SOG) and Policy Guidelines to ensure accuracy.

Seek to improve operational efficiency and effectiveness by shaping, enhancing, and adapting to changing circumstances.

Work closely with Human Resources to ensure appropriate Civil Service testing and hiring procedures are in place.

Maintain ISO 2 rating.

Effectively communicate the Department's mission and vision to employees.

DEPARTMENT:

DIVISION:

FIRE

FIRE PREVENTION

PROGRAM DESCRIPTION

The Fire Prevention Division has a key role in protecting the safety of the citizens, businesses and visitors of Duncanville. The Fire Prevention Office is staffed by one full time Battalion Chief/Fire Marshal and one full time civilian Fire Inspector. Two additional investigation personnel are available on shift if needed. The Fire Prevention Division is responsible for a variety of enforcement, inspection, mitigation of hazards, investigation, and public education efforts focused on life safety and minimizing property loss due to fire and other emergencies. Additionally, Fire Prevention actively participates with City of Duncanville departments, private companies and governmental agencies to ensure fire and life safety issues are addressed in new construction and building remodels. The Fire Prevention Division is a central figure in coordinating resources to provide safety during special events. The Fire Marshal is the primary liaison for information requests from citizens and contractors regarding fire code issues. The Fire Marshal assists in emergency management, storm watch and Emergency Operations Center activities and serves as the Fire Department Public Information Officer. The Fire Marshal is responsible for gathering and submitting incident data to the State of Texas Fire Marshal and DPS. Our Fire Inspector plays an integral role in conducting a multitude of inspections including Certificate of Occupancy, as well as numerous high hazard and complex yearly business inspections. The Inspector also provides limited fire education when available at the direction of the Fire Marshal.

GOALS AND OBJECTIVES

Engage our citizens in Fire Prevention and Life Safety
Maintain three (3) Peace Officer/Arson Investigator certifications.
Maintain two (2) Inspector certifications.
Maintain one (1) Paramedic certification.
Attend training conferences, seminars and forums to stay informed of current trends and requirements in investigations and code enforcement
Respond quickly and appropriately to citizen complaints regarding fire hazards and/or code issues. Notify and involve other city services as needed.
Provide enhanced Fire Safety education targeting high risk populations.
Review plans submitted for construction or demolition and respond with initial answer within one (1) week.
Maintain accurate documentation and records for all investigations, fire inspections, acceptance tests and code enforcement as required by the Code of Ordinances.
Submit fire incident data (TXFIRS) to the State Fire Marshal's Office by the 5th of every month..
Submit arson fire data (UCR Report) to Duncanville Police and Texas DPS monthly as required.
Use available methods and resources to provide the best possible public education program, assisting shift personnel with scheduling, guidance and supervision.
Investigate fires suspicious in nature or at the request of fire command and respond automatically on all 2nd alarm or higher fires.
Enforce the City of Duncanville Code of Ordinances and support Duncanville Code Services during the CO process and submit suspected violations to Building Official and supporting staff.
Enforce the International Fire Code 2009 Edition and adopted NCTCOG amendments. (2015 IFC SCHEDULED TO BE ADOPTED IN SPRING 2016)
Attend required training, seminars and conferences to stay informed on current fire code and life safety issues to maintain a high level of readiness to respond to issues.
Perform acceptance testing on all new fire protection systems as needed.
Inspect business occupancies annually on a risk-based (highest hazard) assessment or more frequently as needed.
Attend and witness as many DISD fire drills as possible.
Provide training for shift personnel on fire hazards and reporting.
Hire full time public educator.

DIVISION SUMMARY

DEPARTMENT:	DIVISION:
FIRE	FIRE SUPPRESSION

PROGRAM DESCRIPTION

Fire suppression is responsible for providing emergency response to fires, vehicle accidents, rescues, hazardous material incidents, and other emergencies. Additionally, through automatic assistance and mutual aid, provide services to the residents and visitors of Duncanville, DeSoto, Cedar Hill, and Dallas. Fire Suppression provides support activities for Emergency Medical Services, Fire Prevention, Regional Emergency Management, Duncanville Police, and Duncanville Public Works.

GOALS AND OBJECTIVES

Respond to all emergency calls with a high level of efficiency and preparedness.
 Manage all emergency services to ensure the safety of all citizens and firefighters.
 Create pre-fire plans for target hazards in Duncanville.
 Conduct inter-local training with Dallas and the Best Southwest cities for operational effectiveness and standardization.
 Maintain or exceed continuing education requirements for each level of certification for the Texas Commission on Fire Protection.
 Meet minimum Texas Commission on Fire Protection requirements for Personal Protective Equipment and Self-Contained Breathing Apparatus maintenance and inspection.
 Conduct annual proficiency tests and emergency driving courses for each firefighter.
 Achieve response time below the NFPA recommended 9 minutes for a full structure fire assignment.
 Flow each hydrant annually and provide maintenance data to Public Works.
 Implement a progressive response plan for emergency calls to include B272 as a squad/quick response/community paramedic unit. This requires a minimum staffing of 13 per day.

ADVANCED LIFE SUPPORT

PROGRAM DESCRIPTION

Emergency Medical Services provides Advanced Life Support emergency medical assistance to residents and visitors of Duncanville, and through Automatic and Mutual Aid agreements to the communities of DeSoto, Cedar Hill and adjacent areas of Dallas. Emergency Medical Services personnel provide support activities for Fire Operations. This program also ensures that the required certifications, training, and continuing education hours are maintained to meet Texas Department of State Health Services standards.

This program also ensures we are in compliance with all standards and laws pertaining to HIPAA (Health Information Portability and Accountability Act), TDSHS (Texas Department of State Health Services), DEA (Drug Enforcement Agency), CLIA (Clinical Laboratory Improvement Amendments), Medicaid, Medicare and the Affordable Care Act of 2012.

GOALS AND OBJECTIVES

Maintain TDSHS Provider License.

Maintain TDSHS Continuing Education for Paramedic Certification/Licensure.

Maintain TDSHS Continuing Education for EMT Certification.

Maintain National Registered Paramedic Certifications.

Provide quality assurance review for each Paramedic.

Bring our average door-to-balloon (D2B) time for a ST elevation myocardial infarction (STEMI) below 30 minutes to Charlton Methodist Hospital.

(D2B time defined as hospital threshold to Catheterization)

Maintain response time below national average of 6 minutes.

Provide NEMSIS compliant software for electronic billing service through a third party billing contractor.

Provide quality assurance review for patient reports.

Comply with all HIPAA regulations pertaining to patient's personal protected health information.

Maintain requirements set forth by the DEA and TDSHS pertaining to all narcotic storage, distribution, and proper destruction as well as documentation.

Maintain the position of the designated "Administrator of Record" for the Duncanville Fire Department as required by TDSHS.

Maintain the positions of "Infection Control Officer" and "Compliance Officer" for the Duncanville Fire Department as required by TDSHS.

Attend training conferences, seminars and forums to stay informed of current trends and requirements in paramedicine, community paramedic programs, and injury prevention.

Respond quickly and appropriately to citizen complaints regarding billing, transport, or care provided issues. Notify and involve other city services as needed.

Provide enhanced health and injury education targeting high risk populations and frequent callers.

Use available methods and resources to provide the best possible public education program, assisting shift personnel with scheduling, guidance and supervision.

Maintain accurate documentation and records for all continuing education, complaints, certifications and customer service surveys.

Facilitate and ensure that the Duncanville Fire Department's reports are submitted to the State Trauma Registry and the North Central Texas Trauma Regional Advisory Council.

Use available methods and resources to provide the best possible education programs, assisting shift personnel with updated EMS guidelines, patient care report trending, scheduling, guidance and supervision.

Respond quickly to emergency incidents where EMS Division Chief's guidance, knowledge, contacts, or manpower may be of use.

Assure there are sufficient amounts of EMS supplies and equipment available to meet the minimum operating needs.

Assure the Duncanville Fire Department is utilizing the most up to date equipment, vehicles, and services to better provide service to our citizens.

DIVISION SUMMARY

DEPARTMENT:
FIRE

DIVISION:
EMERGENCY MANAGEMENT ADMINISTRATOR

PROGRAM DESCRIPTION

The Southwest Regional Emergency Management program is comprised of the following jurisdictions; Cedar Hill, DeSoto, Duncanville and Lancaster. The Regional Emergency Management Operations Coordinator assists with developing and implementing a comprehensive emergency management program that addresses the four aspects of emergency management; effectively mitigate against, prepare for, response to, and recover from emergencies and disasters. The Regional Emergency Management Operations Coordinator is responsible for the various emergency management activities and serves as the liaison on emergency management issues for three jurisdictions. Additional responsibilities include coordination with the National Incident Management System (NIMS) implementation program, Texas Division of Emergency Management, and the North Central Texas Council of Governments. Program Coordinator is also responsible for researching grant funding and application processes for the participating cities.

GOALS AND OBJECTIVES

Meet Federal, State and Local guidelines pertaining to emergency management preparedness, mitigation, recovery and response.
 Conduct multiagency, multidiscipline exercises to include drill, workshop, tabletop, functional and full-scale to meet State requirements.
 Coordinate training activities with North Central Texas Council of Governments, Texas Division of Emergency Management, participating cities and other agencies to ensure effective emergency management programs and efficient response to catastrophic incidents.
 Enhance citizen preparedness and participation through the KnoWhat2Do public education campaign and Citizen Corps Program (CCP).
 Improve partnership with Cedar Hill, Desoto, Duncanville and Lancaster School Districts.
 Coordinate and promote public awareness and public education for disaster preparedness (KnoWhat2Do).
 Maintain jurisdictions Advance Level of Planning Preparedness with respect to specific criteria covering emergency planning, training and exercise activities.
 Update jurisdictions emergency plans to meet the current state preparedness standards.

DIVISION SUMMARY

DEPARTMENT:
ECONOMIC DEVELOPMENT

DIVISION:
ECONOMIC DEVELOPMENT

PROGRAM DESCRIPTION

The Duncanville Community and Economic Development Corporation (DCEDC) was formed in 1995 and is funded by a 1/2 cent sales tax approved by the citizens of Duncanville. Since its inception, the DCEDC has attracted new and expanding businesses to Duncanville adding in excess of \$125,000,000 value to the property tax rolls. As a Type B Corporation governed by the State of Texas Development Corporation Act of 1979, the DCEDC has the ability to finance new and expanded business enterprises in Duncanville through acquisition of land; machinery and equipment; construction costs; planning and professional services related to the project; financial transactions and reserve funds; necessary infrastructure, manufacturing and research and development, military base realignment, job training classes, public transportation, administrative and other necessary expenditures, as well as community development and enhancement i.e. parks, museums, sports facilities and affordable housing.

The DCEDC Board of Directors oversees the DCEDC and allocates funds as a part of Duncanville's comprehensive economic development plan with the approval of City Council. The Director of Economic Development promotes the City and its advantages to new business prospects, encourages business retention and expansion, and serves as Staff Liaison to the Board of Directors. In addition, the Director works with the DCEDC Board, City Manager and/or Assistant City Manager, and Finance Director to formulate an annual budget and recommends programs for economic and community development funding.

GOALS AND OBJECTIVES

- * Encourage community and economic opportunity that enhances competitiveness and increases property values, sales tax revenues, job opportunities, and quality of life.
- * Recruits target businesses through the promotion of the City of Duncanville, DCEDC programs, and competitive incentives.
- * Assist new and expanding businesses through the development process as needed.
- * Retain viable businesses and provide assistance to ensure their continued success.
- * Encourage redevelopment of main business corridors within the City and increase Curb Appeal.

DIVISION:
KEEP DUNCANVILLE BEAUTIFUL

PROGRAM DESCRIPTION

The Keep Duncanville Beautiful activity is responsible for developing and implementing a comprehensive program that protects the environment and beautifies the community. City staff works with the Keep Duncanville Beautiful Board, a fourteen-member board appointed by the City Council, to implement numerous programs and events, such as the Business Beautification Award of the quarter, residential Curb Appeal Award of the quarter, annual Toy Recycling Drive, an Annual Garden Workshop, an annual community clean-up day, and tree plantings throughout the community. With the assistance of Duncanville's very own Mother Nature and Recycle Man, lesson plans are delivered to students at local elementary, intermediate and middle schools.

GOALS AND OBJECTIVES

Increase knowledge and understanding of Keep Texas Beautiful.
 Empower Duncanville residents and businesses through education to take responsibility for enhancing their community environment.
 Increase public awareness on the importance of recycling, litter prevention, and damage caused by graffiti.
 Reduce the amount of solid waste created by Duncanville residents.
 Encourage compliance with City Ordinances through the Did You Know campaign.
